SESSION CALENDAR—SESSION 1939-1940

First Semester

- Sept. 11, 12,
Monday, Tuesday.....Examinations for entrance and for
removal of conditions.
- Sept. 13, Wednesday.....Registration of Freshmen.
- Sept. 14, Thursday.....Registration of Sophomores; aptitude
tests for Freshmen in English and
foreign languages.
- Sept. 15, Friday.....Registration of upper division stu-
dents; aptitude test for Freshmen in
mathematics.
- Sept. 18, Monday.....Classes begin.
- Sept. 18-20,
Monday-Wednesday...Registration for night classes.
- Sept. 21, Thursday.....Night classes begin.
- Sept. 23, Saturday.....Registration for Saturday classes.
- Sept. 28, Thursday.....Latest date for applications of candi-
dates for degrees to be conferred in
June, 1940.
- Sept. 29, Friday.....University Convocation, 11:00 A. M.;
latest date for change in registra-
tion.
- Sept. 30, Saturday.....Saturday classes begin.
- Oct. 12, Thursday.....Mass of the Holy Ghost, 10:15 A. M.
- Nov. 1, Wednesday.....Solemnity of All Saints.
- Nov. 22, Wednesday.....Mid-semester advisory reports.
- Nov. 30, Thursday.....Thanksgiving Day.
- Dec. 8, Friday.....Solemnity of the Immaculate Concep-
tion.
- Dec. 19, Tuesday.....University Convocation, 11:00 A. M.
- Dec. 20, Wednesday.....Christmas vacation begins after last
scheduled class.
- Jan. 4, Thursday.....Classes resumed.
- Jan. 18, Thursday.....First semester examinations begin.
- Jan. 20, Saturday.....First semester examinations begin for
Saturday students.
- Jan. 22, Monday.....First semester examinations begin for
night students.

Second Semester

- Jan. 29, Monday.....Second semester begins.
- Feb. 5, 6,
Monday, Tuesday.....Mardi Gras holidays.
- Feb. 9, 10,
Friday, Saturday.....Examinations for removal of first semester conditions.
- Feb. 12, Monday.....Latest date for change in second semester registration.
- Feb. 14, Wednesday.....University Convocation, 11:00 A. M.
- March 1, Friday.....Theses due in final form from candidates for degrees to be conferred in June, 1940.
- March 20, Wednesday.....Easter vacation begins after last scheduled class.
- March 27, Wednesday.....Classes resumed.
- April 15, Monday.....Mid-semester advisory reports.
- April 22, Monday.....University Convocation, 11:00 A. M.
- May 2, Thursday.....Ascension Day.
- May 18, Saturday.....Second semester examinations begin for Saturday classes.
- May 22, Wednesday.....Second semester examinations begin for day classes.
- May 27, Monday.....Second semester examinations begin for night classes.
- June 2, Sunday.....Baccalaureate Services, 10:00 A. M.
- June 3, Monday.....Commencement Exercises, 8:00 P. M.
- June 14, 15, 17,
Fri., Sat., Mon.....Registration for summer session.
- June 26, Wednesday.....Latest date for applications of candidates for degrees to be conferred in July, 1940.
- July 1, Monday.....Theses due in final form from candidates for degrees to be conferred in July, 1940.
- July 27, Saturday.....Commencement Exercises, summer session.

BOARD OF TRUSTEES

REV. PERCY A. ROY, S.J., Ph.D., *Chairman*
REV. THOMAS A. CAREY, S.J., A.M., *Vice-Chairman*
REV. JAMES J. WALLACE, S.J., A.M., *Secretary*
REV. WARREN J. BARKER, S.J., A.M.
REV. FRANCIS A. CAVEY, S.J., S.T.D.
REV. MICHAEL J. WALSH, S.J., A.M.
REV. JAMES F. WHELAN, S.J., Ph.D.

OFFICERS OF ADMINISTRATION

REV. PERCY A. ROY, S.J., Ph.D., *President*
REV. WARREN J. BARKER, S.J., A.M., *Dean*
REV. D. ROSS DRUHAN, S.J., Ph.D., *Associate Dean*
REV. FRANCIS L. JANSSEN, S.J., A.M., *Regent*
REV. THOMAS A. CAREY, S.J., A.M., *Secretary*
REV. FRANCIS A. CAVEY, S.J., S.T.D., *Treasurer*
REV. EDWARD T. CASSIDY, S.J., A.M., M.S., S.T.L., *Dean of Men*
MISS MARGARET E. CAREY, *Registrar*
MISS CARMEL V. DISCON, A.M., *Assistant Registrar*
MRS. LENA MARCY, Ph.B., B.S. in L.S., *Librarian*
MISS HARRIET M. LEMANN, A.B., B.S. in L.S., *Assistant Librarian*
MR. GUY J. KNOBLOCH, *Bursar*

OFFICERS OF INSTRUCTION

ROBERT J. AINSWORTH, LL.B., *Instructor in Public Speaking.*
JOHN G. ARNOLD, JR., Ph.D., *Professor of Biology, Chairman of the Department.*
PAUL F. BAILEY, B.S., *Assistant Professor of Chemistry.*
REV. JOSEPH B. BASSICH, S.J., Ph.D., *Professor of Education.*
ARNOLD C. BENEDETTO, S.J., A.B., *Instructor in Classical Languages.*
EMMETT M. BIENVENU, S.J., A.B., *Instructor in French.*
JEFFERSON DAVIS BLOOM, JR., B.E.E., *Instructor in Physics.*
LUCILLE M. BOSTICK, A.M., *Instructor in Education.*
JOSEPH E. BOURQUE, JR., Ph.D., *Instructor in Biology.*

- REV. ROBERT M. BROOKS, S.J., A.M., Professor of Classical Languages, Chairman of the Department.
- REV. ERNEST J. BURRUS, S.J., A.M., Assistant Professor of Classical Languages.
- REV. JOSEPH A. BUTT, S.J., C.P.A., A.M., D.D., Associate Professor of Accounting and Spanish.
- REV. PAUL CALLENS, S.J., A.M., Assistant Professor of Romance Languages.
- WILLIAM P. CARR, M.B.A., C.P.A., Instructor in Economics.
- REV. THOMAS G. CARTER, S.J., A.M., S.T.L., Assistant Professor of English.
- REV. EDWARD T. CASSIDY, S.J., A.M., M.S., S.T.L., Professor of Religion, Chairman of the Department.
- REV. CHARLES C. CHAPMAN, S.J., Ph.D., Associate Professor of History and Political Science.
- JOHN V. CONNOR, Ph.D., Professor of Economics, Chairman of the Department.
- REV. WILLIAM G. COYLE, S.J., A.M., Instructor in French.
- LEONARDO C. DE MORELOS, A.M., Instructor in Romance Languages, on Leave of Absence.
- LEO F. DEUTCH, A.B., Instructor in Physical Education.
- CHARLES S. DITTMANN, JR., A.M., Instructor in Economics.
- ARTHUR T. DONOHUE, Ph.D., Professor of Sociology, Chairman of the Department.
- RICHARD D. DOYLE, Ph.D., Professor of History, Chairman of the Department.
- REV. D. ROSS DRUHAN, S.J., Ph.D., Professor of Classical Languages, Associate Dean.
- TIMOTHY L. DUGGAN, A.B., M.S., Instructor in Biology.
- GERALD J. EBERLE, A.M., Assistant Professor of English.
- FERDINAND H. FISHER, A.M., Assistant Professor of History.
- HARRY T. FLEDDERMANN, M.S., Assistant Professor of Mathematics and Physics.
- REV. GEORGE A. FRANCIS, S.J., Ph.D., Professor of Chemistry, Chairman of the Department.
- REV. LLOYD F. HATREL, S.J., A.M., Instructor in Religion.
- M. DANIEL HORNE, Ph.D., Instructor in English.
- REV. H. JOSEPH JACOBI, M.S., Lecturer in Sociology.

REV. FRANCIS L. JANSSEN, S.J., A.M., Associate Professor of Philosophy and Religion; Regent.

JULIAN JURGENS, Ph.G., B.S., Assistant Professor of Chemistry.

LEONARD J. LARGUIER, S.J., M.S., Instructor in Mathematics.

W. JAMES LYONS, Ph.D., Instructor in Physics.

REV. THOMAS F. MAHER, S.J., A.M., Instructor in English.

REV. KARL A. MARING, S.J., Ph.D., S.T.D., Professor of Physics and Mathematics, Chairman of the Department; Director of the Seismograph Station.

EDMOND L. MERILH, M.S., Associate Professor of Biology.

JOSÉ O. MONASTERIO, B.C.E., Assistant Professor of Mathematics.

ROBERTO MORGADANES, A.M., Instructor in Spanish.

LARRY MULLINS, A.B., Instructor in Physical Education.

REV. D. RICHARD NEEDHAM, S.J., A.M., S.T.L., Instructor in Religion.

REV. EUGENE J. O'CONNOR, S.J., Ph.D., Professor of English, Chairman of the Department.

VIOLETT O'REILLY, A.M., Instructor in Education.

RICHARD J. PFEFFERLE, A.B., Instructor in Physical Education.

GEORGE HENRY SEFEROVICH, M.B.A., Instructor in Economics.

REV. EDWARD G. SHIELDS, S.J., A.M., Instructor in Philosophy.

REV. LOUIS G. SONIAT, S.J., A.M., Assistant Professor of French.

REV. H. ALLAIN ST. PAUL, S.J., A.M., S.T.L., Assistant Professor of History.

EMIL L. TELFEL, A.M., Assistant Professor of Journalism.

WALTER E. VON KALINOWSKI, Ph.D., Assistant Professor of German.

JANE P. WALSH, A.M., Instructor in Physical Education.

REV. JAMES F. WHELAN, S.J., Ph.D., Professor of Education, Chairman of the Department.

FACULTY COMMITTEES

Committee on Admission and Classification: Rev. W. J. Barker, Chairman; Miss M. E. Carey, Miss C. V. Discon.

Committee on Discipline; Rev. F. L. Janssen, Chairman; Rev. J. A. Butt, Dr. R. D. Doyle, Mr. J. O. Monasterio, Rev. E. J. O'Connor.

Committee on Faculty Rank and Tenure: Rev. F. A. Cavey, Chairman; Rev. W. J. Barker, Rev. J. B. Bassich, Rev. K. A. Maring, Rev. J. F. Whelan.

Committee on Studies and Degrees: Rev. W. J. Barker, Chairman; Dr. J. G. Arnold, Rev. R. M. Brooks, Rev. E. T. Cassidy, Dr. J. V. Connor, Dr. A. T. Donohue, Dr. R. D. Doyle, Rev. G. A. Francis, Rev. K. A. Maring, Rev. E. J. O'Connor, Rev. J. F. Whelan.

Committee on Educational Programs: Rev. C. C. Chapman, Chairman; Mr. P. F. Bailey, Rev. E. T. Cassidy, Dr. J. V. Connor, Dr. A. T. Donohue, Rev. T. F. Maher, Rev. H. A. St. Paul, Dr. W. E. von Kalinowski, Rev. J. F. Whelan.

Committee on Bulletins: Rev. W. J. Barker, Chairman; Dr. J. G. Arnold, Dr. J. V. Connor, Dr. R. H. Doyle, Mr. H. T. Fleddermann, Rev. G. A. Francis, Rev. F. L. Janssen, Mr. E. L. Merilh, Rev. L. G. Soniat.

Committee on Student Debates: Rev. T. F. Maher, Chairman; Mr. R. J. Ainsworth, Rev. J. B. Bassich, Rev. C. C. Chapman, Rev. H. A. St. Paul.

Committee on Student Dramatic Art: Dr. A. J. Bonomo, Chairman, Rev. G. C. Chapman, Rev. G. A. Francis, Rev. F. L. Janssen, Rev. L. G. Soniat.

Committee on Student Publications: Rev. F. L. Janssen, Chairman; Rev. C. J. Quirk, Rev. E. J. O'Connor, Mr. E. L. Telfel.

Committee on Student Social Activities: Rev. F. L. Janssen, Chairman; Rev. J. A. Butt, Rev. E. T. Cassidy, Mr. T. L. Duggan, Mr. F. H. Fisher, Rev. R. D. Needham.

GENERAL STATEMENT

History of the University The Jesuits came to New Orleans in 1847 with the purpose of establishing a college of Liberal Arts and Sciences. On February 1, 1849, the College of the Immaculate Conception, founded by them, began its remarkable career at the corner of Baronne and Common Streets. To it was attached a college preparatory academy. In 1904 the Jesuits opened an academy and a college on St. Charles Avenue opposite Audubon Park. These two associated institutions were known as Loyola College. In 1911 the College of the Immaculate Conception was united with Loyola College on the present Loyola campus. The Academy of the Immaculate Conception became the Jesuit High School. With it was united the preparatory school of Loyola College.

In response to a general demand from the public and an urgent request from His Excellency, Most Reverend James J. Blenk, then Archbishop of New Orleans, Loyola College was expanded into Loyola University in the fall of 1911. The University was authorized by the General Assembly of Louisiana in 1912 to grant all university degrees.

Loyola University of the South is but one of the many educational institutions conducted by the Jesuit Fathers in the United States and in many other countries. In the United States alone, the Jesuits conduct 50 educational institutions with a total enrollment of 60,000 students.

Jesuit System of Education Jesuit universities and colleges are unique in their characteristic educational methods. Theirs is a system of education based on the best traditions, the experience, and the research of the better educators in many countries through many centuries. The fundamentals of this system are embodied in a collection of pedagogical principles and practices known as the *Ratio Studiorum*.

This system is distinctive in its aim and objective as well as in its method of approach. Thoroughly convinced that religion is not an appendage to education, but a very vital part of the training of the student and of the subject-matter of his courses, the Jesuits always have held as the goal of education the blending of the supernatural with the natural. Their purpose has been to produce a perfect man, seeking to develop his moral character as well as his wits, his soul as well as his

body; believing that a true, cultured citizen of any state must be loyal to his God, his church, and his country.

As college life is the field in which youth with energy and initiative seeks to prepare itself for life's struggles, literature and science are studied in the light of an all-embracing philosophy which unifies knowledge and motivates action. The system is opposed to the pedagogical errors of undigested cramming, uncorrelated electives, over-specialization. The formation of habits of study, reading, and research, of quick thinking and exact expression is characteristic of their aim. Personal contact with the professors, whose example, taste, and experience are often a more potent factor of education than the professional lecture, is a vital part of the system.

Jesuit education prepares its students for eternity as well as for time; for life as well as for vocation.

The Need of College Education Today the professions, the arts, the sciences, as well as business, look for a college education in their members. The mere specialist, the master of one skill or subject, does not make for progressive civilization and culture. Man as a social being must have a broad vision and wide experience. He must be familiar with many fields of thought and interest.

This rounded culture should be the fruit of college experience. Through selected courses, the investigating mind is led into the various fields of systematized knowledge. Correlation of these courses makes for unity and thoroughness, for mastery in one's chosen field without ignorance of the others, for a well-stored mind that has been trained to think for itself and has grown capable of working out problems that present themselves in school and in later life.

Besides, one learns poise and refined bearing, acquires prudence and good judgment, from daily contact with fellow students of talent and ambition. By this hourly intercourse with one's fellow men of the best type, defects are overcome, habitual attitudes are adopted and perfected, and character is molded.

Organization The College of Arts and Sciences at present conducts the following departments: Biology, Chemistry, Classical Languages, Economics, Education and Physical Education, English and Journalism, History and Political Science, Medical Technology, Modern Foreign Languages, Philosophy, Physics and Mathematics, Religion, and Sociology. In

these departments the College offers courses leading to the degrees of Bachelor of Arts, Bachelor of Philosophy, and Bachelor of Science. It also conducts pre-professional courses that qualify students for entrance into the professional schools of Dentistry, Law, and Medicine.

Classical Studies It is one of the regrettable results of the present unrest in the educational world, where the forces arrayed to give vocational training, mechanical development, wage-earning skill, and physical culture, are clashing with the traditional classical methods, that the cultural and academic subjects have lost much of their former prestige. No other curriculum has been found to provide the comprehensive training of mind, heart, and will as surely and as efficiently as did the classical studies when they flourished in a golden age as the cause and the fruit of erudition, scholarship, and refinement.

Modern Sciences It is a grievous error to believe that the lovers of literature and art must be enemies of science and invention. The history of science shows plainly how the great scientific discoveries came out of the institutions hallowed for their classical learning. Until recent times all scientific information and the disputes and inventions of scientists found their way to the public through the Latin tongue.

Ample facilities are offered in the College of Arts and Sciences to the lover of natural science. Large, fully equipped laboratories for general and specialized chemistry, biology, medical technology, and physics are provided. Consecutive courses covering four years of intensive study lead to the degree of Bachelor of Science.

Commerce and Finance As college graduates frequently choose careers in the business world, a specialized curriculum in the subjects of commerce and finance is offered. Efforts are made to prepare young men for important positions in the various types of industrial and financial administration. After four years of intensive study one may earn the degree of Bachelor of Science.

Bequests and Gifts Because of its rapid growth the University must look to its friends and benefactors, and to all those whose bounty is being devoted to the cause of higher education, for the generous contributions which will enable the Uni-

versity to continue its building program. The University hopes for a continuance of financial as well as moral support from those who believe in placing college education within the reach of every deserving student, and who consider that education the safest and best which postulates as the foundation of its intellectual development the formation of character through moral and religious education.

The University cherishes the memory of all its benefactors, great and small. These share in the good works and prayers of the Jesuits of Loyola. Their generous assistance to the University, according to their means, will be remembered long after they are gone.

Among the distinguished benefactors of the University should be mentioned: Mr. and Mrs. E. J. Bobet, Mr. and Mrs. W. J. Vincent, Mrs. S. O. Thomas, Mr. and Mrs. Wm. P. Burke, Mr. Lawrence Fabacher, K. of St. G., Miss Katherine McDermott, Hon. Joseph A. Breaux, Mr. Bernard Ghio, Mrs. J. B. Palmer, and Mrs. George Swarbrick.

Those who are desirous of helping Loyola University in its sublime mission of higher education by erecting buildings as family memorials, or by endowing departments or lecture-chairs in any of its schools or colleges, are requested to make their donations, legacies and bequests in the proper legal form, as shown on page 74 of this Bulletin. One may specify the purpose for which the gift is to be used. This intention will be observed scrupulously. It is well to state whether the sum is for building and equipment or for endowment, as the latter must be invested and only the accruing interest may be used.

Scholarships Through the generosity of friends, the College is able to offer a limited number of scholarships each year to bright and ambitious young men of fine moral character. The College is very happy to be able to assist these splendid young men in getting a higher education which will prepare them for outstanding citizenship. The President and faculty of the College are deeply grateful to their friends who with noble Christian spirit have extended a helping hand to the less fortunate. It is earnestly hoped that others will help to increase our scholarship fund for the benefit of deserving young men.

A Perpetual Scholarship is founded when an endowment of \$4,000.00 is set aside for this purpose.

A Course Scholarship represents an amount which will cover the tuition of one student during his four years of college. The sum of \$560.00 may be deposited or \$140.00 may be paid annually.

An Annual Scholarship is provided by the yearly donation of \$140.00.

Scholarships cover the tuition fee only. The holder of the scholarship must pay the other fees at the beginning of the year, and he must at all times set an example of good conduct and serious application. The honor will be forfeited by any holder of a scholarship whose grades during a semester are unsatisfactory. Scholarships granted in the College of Arts and Sciences cannot be transferred to any other school or college of the University.

The following are scholarships which have been placed at the disposal of the University:

The W. P. Burke Scholarships (three).

The Rev. Francis X. Twellmeyer, S.J., Scholarship.

The Rev. A. E. Otis, S.J., Scholarship.

The Rev. Albert J. Biever, S.J., Scholarship.

The Louisiana State Councils of K. C. Scholarships (seven).

The St. Ignatius Scholarship, founded by Miss E. S. Fitch.

The St. Ignatius of Loyola Scholarship.

The Men's Sodality of Jesuits' Church Scholarship.

The Francis Xavier Wegmann Scholarship.

The Virginia Bobet Scholarship.

The Louise Thomas Scholarship.

The Albert J. B. Lapeyre Memorial Scholarship.

The Ladies' Marquette Auxiliary Scholarship.

The Mrs. Josephine Burke Palmer Scholarships (two).

The Hon. Joseph A. Breaux Scholarships (twelve).

The Joseph A. Lipari Scholarships (three).

Sodality of the Blessed Virgin Mary For the purpose of fostering religious faith and fervor, and to encourage the students to spiritual and scholastic leadership, the University Sodality offers many opportunities for personal development as well as training and practice in social work and religious activity. Weekly meetings are held for the discussion of phases of Catholic life.

Student Council The Student Council consists of eighteen members, representing the College of Arts and Sciences, the Schools of Law and Dentistry, and the Colleges of Pharmacy

and Music. These students are selected by the student body with the approval of the faculty. The duty of the Council is to unify student thought and action. It conducts general meetings and elections, sponsors and manages interclass contests, contributes to the student publications, and leads and directs student activities.

The Aristotelian Forum The function of this philosophy club is to promote greater active interest in scholastic philosophy by more intensive study, lectures, and public disputations.

Language Clubs To foster a deeper appreciation of the finer literature of modern foreign languages, French, German, Italian, and Spanish clubs are conducted by those more advanced students who qualify for membership.

Scientific Societies The Biology, Chemistry, Physics, and Mathematics Societies meet regularly for the discussion of special problems and for special lectures on scientific subjects. The students of the College of Arts and Sciences are eligible to membership subject to the respective special requirements for admission to each society.

Debating Clubs The students are encouraged to participate weekly in exercises of public speaking. To further this activity two debating clubs conduct weekly programs and engage in interscholastic debates with other universities in various sections of the country. These two clubs are known respectively as The Edward Douglass White Society and The Chief Justice Charles A. O'Niell Society.

Thespian Society The purpose of the Thespian Society is to develop and give an outlet to the dramatic talent of the students. With this object in view, several plays are given during the year.

Glee Club Students of the College of Arts and Sciences are eligible for membership in the Loyola Glee Club. The Glee Club takes an active part in the public entertainments and assemblies of the University.

University Band Membership in the University Band is open to the students of the College of Arts and Sciences if they have the required ability and training. All who become members are required to be regular and prompt in attendance at the appointed rehearsals and at all performances.

Student Publications The students of the University, under faculty supervision, issue two publications, The Maroon, a weekly, and the Students' Handbook, an annual, the editors of which are appointed by the Committee on Student Publications, and they in turn appoint their editorial staffs. The business management is in the hands of the students.

ENTRANCE PROCEDURE

Application For Admission Applicants for admission to the Freshman class must meet the requirements stated below under Methods of Admission. The specific units of credit that are required and other units that may be presented for admission to the Freshman class are listed under Admission Requirements.

Application for admission accompanied by proper credentials shall be filed with the Registrar at least two weeks in advance of the date of registration. Applicants for admission as Freshmen, or with advanced standing, must submit official records from all schools and colleges previously attended. These credentials are to be sent directly by the proper officer of the school or college in which they were earned and not through the student. Credentials which are submitted for admission become the property of the University and are kept permanently on file. Blank forms for transcripts of records may be had on application to the Registrar.

It is recommended that applicants have their credentials sent to the Registrar immediately after graduation from high school. This will enable the Committee on Admissions to pass on their eligibility and to inform them of any deficiencies that may be made up in the summer session.

The University reserves the right to refuse admission to applicants whose previous work is of such a grade as to create doubt regarding their ability successfully to pursue their scholastic work in the University.

All students are expected to be matriculated before the beginning of the session's classes, thus allowing them ample time to be assigned to classes and to be provided with laboratory equipment.

Students should be present on the opening day of classes. They will not be admitted under any circumstances after the first ten class days.

Methods of Admission I. As a Regular Student—Admission as a *matriculated student to the College of Arts and Sciences may be obtained by one of the following methods: (1) by certificate or diploma of graduation from an approved high school; (2) by examination; (3) by transfer from another institution of higher education.

Admission by Certificate—Admission without examination is granted to students who have graduated with a minimum of fifteen acceptable units from any high school accredited by a recognized standardizing agency, or by the State Board of Education, or by the State University of the state in which the high school is located. The application for admission must be accompanied by a certificate from the high school showing the quantity and quality of work accomplished by the applicant and giving information about his personality, character, and health.

Admission by Examination—An applicant who is not entitled to enter by certificate, as stated above, must take entrance examinations in the following subjects: English, history, foreign language, mathematics, and science. These examinations are held in September. Applications for these examinations should be made to the Registrar of the University at least two weeks in advance of the opening date.

Admission to Advanced Standing—Advanced standing will be given, at the discretion of the Committee on Admission and Classification, to an applicant who has fulfilled the high school requirements for admission and presents a transcript of credits certified by the proper official of the college or university last attended, showing all the scholastic work done in that institution and in all other institutions of collegiate rank previously attended, and giving the student an honorable dismissal. Credits presented from a non-accredited institution will be accepted rarely, at the discretion of the Committee on Admission and Classification, and only if the student has made satisfactory grades in his first semester's work in our College. Credits presented for work done by correspondence courses never will be accepted. Students applying for advanced

*A matriculated student is one who has fulfilled all entrance requirements, paid all fees that are due, and is pursuing regular courses leading to a degree.

standing should have all required credentials sent to the Registrar of the University at least two weeks in advance of their registration.

II. As a Special Student—A limited number of mature persons who are not eligible for admission into the University by certificate may be admitted as special students under the following conditions: (1) They must be at least twenty-one years of age; (2) they must not have been in attendance in high school during the previous year; (3) they are to present all available certified credits of previous school work, together with formal application for admission as special students, stating the subject courses desired and the reasons for desiring those courses. When no certified credits can be presented, the applicant must furnish a detailed statement of all previous educational work and practical experience.

By virtue of his classification, a special student is not eligible for any degree. He may ultimately become a candidate for a degree by completing by entrance examinations the admission requirements of the department in which he wishes to register.

Registration as a special student is for one semester only. Registration for a following semester will be refused if the student has not shown satisfactory earnestness and definiteness of purpose, or if his work has not been satisfactory in the preceding semester. No one may register in the University as a special student for more than two years.

III. As an Out-of-Course Student—A limited number of earnest students of mature years who, though fully qualified for admission to the College as regular students, do not wish to register as candidates for a degree, but merely want to pursue particular studies for cultural purposes, may be permitted to register as out-of-course students, provided they have obtained the recommendation of the Chairman of the Department in which they wish to register, and the written permission of the Dean. Such recommendation and permission will not be given to applicants who are not evidently qualified to pursue profitably the desired courses.

An out-of-course student may not establish any credits toward the fulfillment of requirements for a degree unless he changes his academic status to that of a regular student. Out-of-course students are not permitted to continue their

studies in the College beyond four semesters. At the beginning of each semester they must make written application to the Dean for the privilege of registering for that semester. This privilege will be granted only to those applicants who have shown, during the preceding semester, a satisfactory definiteness and earnestness of purpose.

Admission For admission to the College of Arts and **Requirements** Sciences at least fifteen acceptable high school units are required. In general, these units should show several sequences of subject-matter adapted to the course to which admission is sought.

1. It is strongly advised that all students be prepared to present the following units:

	Units
English	4
Mathematics	2
Social Science	2
Latin or Modern Foreign Language.....	2
Science	1

2. Special Requirements:

For the Bachelor of Arts degree:

	Units
Latin	3

For the Bachelor of Science degree with a major in biology, chemistry, or physics:

	Units
French or German	2
Algebra	1½
Plane Geometry	1
Solid Geometry	½
Science	1

3. In general, only three units will be accepted from the following group; but students who register for the Bachelor of Science degree with a major in economics may present commercial or vocational subjects up to five units.

Units	Units
Bookkeeping	1
Commercial Law	½ - 1
Commercial Geography	1
Drawing—Mechanical	1
Drawing—Freehand	1
Economics	½ - 1
Music	1
Shop Work	1
Stenography	½
Typewriting	½

4. A student may not register for a subject course which presupposes specific high school preparation, unless he has com-

pleted such preparation. Any deficiency in such preparation will make it necessary for him to take those basic courses which the University judges advisable. Credit for that work may or may not be allowed, according to the circumstances of the case.

Student Expenses The basic fee is \$175.00 a year. An additional fee of \$25.00 a year is charged for each laboratory science course. All fees are paid in quarterly installments, namely, on the day of registration in September, December 1, February 1, and May 1. Unless all of his indebtedness is promptly paid, the student will not be admitted to regular classes nor be allowed to take any tests or examinations. Auditors are charged on the same basis as are part-time students.

Students will be taxed for excessive breakage or destruction of University property. The decision covering each case will be made by the University.

A fee of \$2.00 is charged for each entrance examination, also for late registration.

A fee of \$1.00 is charged for a second transcript of credits, also for each subsequent transcript.

Each student may rent an individual locker for \$2.00 a year.

The graduation fee is \$25.00, payable on May 1. Each Senior is required to make a deposit of \$5.00 on the date of registration in September for his use of the academic cap and gown during the year. This deposit will be refunded after his graduation, provided he returns the cap and gown in good condition.

If a student withdraws from the University within ten days after a quarterly payment is due, he will be refunded the full amount of his payment for that quarter less \$10.00. No other refunds will be made except to the student who has paid a science laboratory fee and with permission of the Dean withdraws from that laboratory science course within ten days after registration. He will be refunded the full amount that he has paid for the course.

ADMINISTRATIVE PROCEDURE

The College Year Each year all class work begins in the third week of September on the day specified in the session calendar. Instruction includes thirty-four weeks, divided into two semesters of seventeen weeks each. There is a recess at Christmas and at Easter. Instruction is suspended on the greater legal holidays and on a few holy days observed in the Catholic Church.

Instruction The unit of instruction is one hour a week for one semester. Two hours of work in a laboratory are considered equivalent to one hour of class work. Students may receive credit only for the number of hours published for a course. No credit will be allowed for a course for which a student is not registered as a regular student.

A student is required to take a minimum of twelve semester hours of work each semester. Lower division students normally schedule sixteen semester hours each semester. Sophomores who have made an average of C in previous work may schedule, with the consent of the Dean, a slightly greater number of hours. Upper division students are expected to schedule approximately seventeen semester hours each semester. On the recommendation of his faculty adviser, an upper division student may take a slightly greater number of hours. Upper division students may not elect Freshman courses except as provided in the regulations for combined courses.

Attendance as auditors is not granted without written permission of the Dean.

Withdrawal A student who withdraws from the University during a semester before taking the final examinations of the semester forfeits all credit for work done in that semester. To obtain his honorable dismissal on withdrawing from the University, the student must obtain from the Dean a written permission for such withdrawal, which must be presented to the Registrar. This written permission will not be given if the student has not met all financial obligations to the University, or if he is under any official censure, or if there is any official charge pending against him.

A student desiring to withdraw from a scheduled course or to add another course after his semester's schedule has been filed in the Registrar's office, may do so only after having obtained written permission from the Dean. Permis-

sion to add a course or to change from one section of a course to another will not be granted after the first ten class days of a semester.

Attendance All students must attend regularly the classes and laboratories for which they have registered, also all convocations, and all assemblies of those groups of students of which they are members. They shall be charged with all absences except such as are incurred through University service or by illness or some other very grave cause. Students who are absent from class, laboratory, or convocation on the day preceding or the day following any college holiday or vacation will be charged with two absences for each exercise missed, unless permission has been granted previously by the Regent.

A student is excluded automatically from a subject course by four unexcused absences from the class or laboratory periods of that course during a semester. He thus forfeits his privilege of taking the semester examination in that course. Hence, he is charged with a failure in that course, and is not allowed any credit for the work done in the course during the semester.

If a student is tardy three times in the same subject course during a semester, or if he is tardy once for more than fifteen minutes, he incurs an unexcused absence.

Cases of absence due to serious illness or other extraordinary causes must be referred to the Regent within three class days after the student has returned to the University. Should the student fail to do this, he will be subjected to an official sanction, which may be a required withdrawal from the University. Students who are to be absent because of University service under official appointment, must notify the Regent, otherwise they will be charged with unexcused absences.

If a student withdraws from a subject course without the written permission of the Dean, or if he has been excluded from a subject course and fails to notify the Registrar of that fact, he shall pay a fine of \$2.00 and shall be given a failure grade for that course.

Excused absence does not exempt a student from quizzes, tests, examinations, or other written work required during the period of absence. The responsibility of making up work or taking omitted tests rests wholly upon the student. A failure grade for the omitted work will be charged against

the student if he does not fulfill these obligations within the time limit determined by his professor.

A student who has failed to secure the Regent's permission for absence from a test or examination duly announced by the professor shall be required to take the test or examination on the day assigned to him by the professor, after having paid the required fee of \$2.00. The maximum grade which he may receive for the test or examination is D.

Discipline The educational system of this University includes, as one of its most important features, the formation of character. It is expected that each student will be so loyal to the spirit and ideals of the University that the exercise of proper self-control will come from his own convictions and free determination.

It is intended that the college regulations be a guide and help to foster that gentlemanly conduct which is presupposed in every Loyola student. The College requires regular and punctual attendance at all scheduled exercises, observance of college customs and regulations, serious application to study, and inoffensive conduct. A student who shows himself deficient in these essential points will be suspended or dismissed.

The University reserves the right to dismiss at any time a student who fails to give satisfactory evidence of earnestness of purpose and of interest primarily in the serious work of college life. In rare cases a student may be dismissed for a reason that seems to students and parents to be insufficient. In such cases the University is to be considered the more capable judge of what affects the interests both of the institution and of the student body.

Grades and Reports A report of the semester grades made by a student in his scheduled subjects is sent to the student's parents or guardians at the end of each semester. Other reports will be sent by the Dean whenever he judges it advisable to do so.

Grades are reported as follows: A, excellent; B, very good; C, good; D, merely passing; E, conditioned; F, failed; FE, failure because of excessive absences; FS, failure because of pre-examination scholastic deficiency; W, withdrew from subject course with permission; WF, failure because of withdrawal from subject course without permission.

A student must earn the right to take the semester examination in each of his scheduled subjects. To do so he must have

attended the required number of class and laboratory periods in the subject, he must have submitted the required term paper, and he must have made a minimum average grade of D for the semester's work in the subject prior to the semester examination. This average will be computed from the grades made in the quizzes, the mid-semester test, the term paper, the laboratory work, and all other work required in that subject. A student who fails to qualify for a semester examination in a subject will be charged with a failure in that subject.

When a student, at the end of a semester, makes the passing grade of D or a higher grade, he is credited with the semester hours allowed for the subject course in which the grade is made. Otherwise, he is not credited with any semester hours.

When a student is conditioned in a subject course at the end of a semester, he may remove the condition by examination. Only one such examination is allowed, and only on the day assigned by the Dean. If the student is successful in the examination, he receives full credit of semester hours, but the highest grade that he is allowed is D. If the student fails to remove the condition on the day assigned by the Dean, the condition becomes a failure. A student is not allowed to remove more than two conditions of one semester. Examinations for removal of first semester conditions are given during the second week in February. No student will be allowed to take an examination for removal of a second semester condition prior to the second week in September.

Classification of Students Those students are ranked as Sophomores who have credit for twenty-four semester hours; Juniors, those who have fifty-six semester hours; Seniors, those who have ninety-two semester hours. Students not included in any of these classifications are registered either as special students or as out-of-course students.

Scholastic Standing A student who does not pass two-thirds of the semester hours carried in each semester will be required to withdraw from the College for scholastic deficiencies.

A student who fails in one-third of the semester hours carried may be placed on probation for the next semester if his general average of grades shows a general weakness. Students on probation carry a reduced schedule.

Eligibility Rules Students taking part in dramatic performances, public debates, oratorical or elocution contests, or intercollegiate athletic contests, and those who are appointed to staffs of the University publications, as well as all officers of student organizations, are subject to the following eligibility rules:

They must be doing a minimum of twelve semester hours of work; they must have passed at least twelve hours of the work in which they were enrolled for the last semester in residence; they must not be under any official censure.

Part-Time Courses For the convenience of teachers and of others who have satisfied the requirements for college entrance, the University offers evening courses, Saturday morning courses, and summer courses. Such students schedule fewer courses per semester than are required of students attending the full-time day courses. For further details see special bulletins for these courses. A limited number of students who have not satisfied the regular requirements for college entrance, are permitted to take these part-time courses merely for cultural purposes. They are not allowed college credit for such studies until proper entrance credentials have been approved and placed on file in the University.

Combined Courses A student who has completed the Junior year in the College of Arts and Sciences may enter upon his professional studies and after one year of such studies may receive a degree from the College of Arts and Sciences, provided he has fulfilled the following requirements: (1) Before transferring to the professional studies he must have completed all the subject courses of the College of Arts and Sciences specifically required for the academic degree, as the professional studies will be accepted only as electives for that degree; (2) he must have been registered during the entire year as a Senior in the College of Arts and Sciences and as a First Year student or Freshman in the professional school in which he is taking his professional studies, and his program of first year studies in the professional school must have been approved at the beginning of the session by the Dean of the College of Arts and Sciences; (3) he must have completed successfully the first year of his professional studies as required by the professional school for his promotion to the second year of professional studies in that school, although

not more than twenty-two semester hours of such studies will be accepted toward his academic degree; (4) he must not be under any official censure either in the College of Arts and Sciences or in the professional school; (5) he must see that an official record of the studies which he has taken and the grades he has made in them during his first year of professional studies, together with a statement that he has been promoted to the second year of professional studies and that he is not under any official censure in the professional school, be sent by the Dean of the professional school to the Dean of the College of Arts and Sciences.

Such a candidate for a degree from the College of Arts and Sciences must be present with the other candidates for degrees at the Baccalaureate Services and the Commencement Exercises of the University.

Requirements for Undergraduate Degrees *I. The Amount of Work*—To receive a baccalaureate degree, a student is required to complete at least 128 semester hours, distributed normally throughout four years in such manner as to include at least 24 semester hours in his major subject, 18 semester hours in his restricted minor subject, and 18 semester hours in his unrestricted minor subject.

The Chairmen of the Departments will assist the lower division student in determining what major and minor subjects he will elect for his upper division concentration.

Before the end of his Sophomore year the student must elect his major subject in one department of one of the groups of courses listed below; his restricted minor subject in another department of the same group; and his unrestricted minor subject in a department of one of the other groups, except as provided below for students registered in the Department of Economics. Any change in a student's major or minor subjects after he has registered in the upper division, will necessitate his prolonging his studies before he may receive a degree.

When a Sophomore has determined the major and minor subjects for his upper division concentration, he gives official notification of his choice to the Chairman of the Department of his major subject. The Chairman assigns to him a faculty adviser in that department who will counsel him during the years of his upper division study.

The departments of instruction are grouped as follows:

GROUP I—ENGLISH, FRENCH, GERMAN, GREEK,
JOURNALISM, LATIN, SPANISH

GROUP II—COMMERCE, EDUCATION, FINANCE, HISTORY,
PHILOSOPHY, PHYSICAL EDUCATION, POLITICAL
SCIENCE, SOCIOLOGY

GROUP III—BIOLOGY, CHEMISTRY, MATHEMATICS,
MEDICAL TECHNOLOGY, PHYSICS

Candidates for the degree of Bachelor of Arts or Bachelor of Philosophy must choose their major subject and their restricted minor subject from Group I or Group II.

Candidates for the degree of Bachelor of Science must choose their major subject and their restricted minor subject from Group III, except those whose major subject is education.

Students registered in the Department of Economics take commerce and finance as their major and minor subjects, being free to elect either of the two as their major subject. They are not required to carry an unrestricted minor subject.

II. Character of Work

Subject Requirements	A.B. ***	Ph.B.	B.S.	B.S. Ec.	B.S. Ed.	B.S. Ph.Ed.
Commerce.....	---	---	---	24	---	---

Electives.....	32	40	28	26	30	20

N. B.—Additional semester hours must be taken in major and minor subjects. Chairmen of Departments must be consulted.

At least one-half of the work in the major subject and one-half in each of the minor subjects must be done in upper division courses.

*Elect one course in science.

**Elect two courses in science.

†Required of all Catholic students.

***Prescribed curriculum effective for students who begin their Freshman year in the session 1939-40.

III. Quality of Work A candidate for a degree must present not only the required character and quantity of work, but he must attain a certain standard of excellence in his work, especially in his major and minor areas of concentration. Hence, the candidate for a bachelor's degree must present, in addition to the minimum of 128 semester hours of credit, a minimum of 128 quality points, or an average grade of C or better for all subjects. Moreover, in his upper division work the student must earn in his major subject as many

quality points as semester hours carried in that subject. This same quality of work is also required of him in his upper division work in his restricted minor subject, and in his upper division work in his unrestricted minor subject.

Quality points are earned in the following manner: For the grade of A in a subject course, the student is credited with three times as many quality points as semester hours allowed for that course; for a grade of B, twice as many quality points as semester hours; for the grade of C, just as many quality points as semester hours. For the grade of D, semester hours are credited, but no quality points.

IV. Other Requirements In addition to the above requirements, the following regulations must be observed:

(1) The candidate for a degree either must submit a thesis of approximately 5,000 words on a particular phase of his major subject, or must take a comprehensive examination in his major subject, depending upon the regulations of the department of his major subject.

(2) A. Before writing his thesis the student must obtain from the Chairman of the Department of his major subject the approval of the subject of his thesis. Not later than the first class day in March in his Senior year he must present to his Chairman two copies of the completed thesis. The Chairman's approval of the thesis is required for graduation. B. If the student is to take a comprehensive examination, the field of examination is to be determined by the Chairman of the Department of his major subject. The successful completion of this examination is required for the graduation of the student.

(3) In September of the session during which the candidate expects to complete the work required for his degree, he must present to the Registrar a formal application for that degree.

(4) By May 1, the candidate must pay his graduation fee and discharge all other financial indebtedness to the University.

(5) All candidates for degrees must be present at the Baccalaureate Services and the Commencement Exercises. The University will not confer degrees *in absentia*.

Graduation Honors Graduation honors are computed according to the quality point system. A student's graduation average is determined by dividing the total number of quality

points earned by the total number of semester hours carried by the student during his entire course. A student who has made an average of 2.5 graduates *cum laude*; one who has made an average of 2.8, *magna cum laude*; one who has made an average of 3, *maxima cum laude*. Record of these honors is inscribed on the diplomas and noted in the list of graduates published for the Commencement Exercises.

Knowledge of Regulations Every student is to acquaint himself with all the regulations of the University that pertain to him. Ignorance of a regulation is not accepted as an excuse for its violation. These regulations are to be learned from the General Bulletin of the University, the Students' Handbook, official instructions given to the students, and posted official notices. When a student registers in the University, it is understood that both the student and the student's parents or guardians agree to the student being governed by the regulations of the University, and will abide by decisions that may be made by officials in the University regarding the student.

SPECIAL PROGRAMS OF STUDY

Department of Medical Technology The special requirements for a baccalaureate degree in this department are as follows:

1. The completion of 170 semester hours of work as outlined by the department.
2. The candidate for a degree shall pass successfully a comprehensive examination in the field of medical technology during the first week in April of the year in which it is expected that the degree will be conferred.
3. To be accepted in fulfillment of any requirement for a degree, all work must be completed with at least the grade of D and a general average of C; also a grade of C or better must be made each semester in every upper division subject taken by the student in his major area, in his restricted minor area, and in his unrestricted minor area.
4. No student shall be considered a candidate for a degree if he has any deficiencies at the beginning of the second semester of his Senior year.
5. In selecting the elective work, the major and minor requirements must be kept in mind.

6. Free electives, which afford opportunity either for broader culture or for greater specialization, as the student may choose, may be taken by outstanding students who obtain permission to do so.

III. CHARACTER OF WORK†

FIRST YEAR

Course No.	Subject	Sem. Hrs.
Bl. 105	Biology: Invertebrate Zoology	4
Bl. 106	Biology: Vertebrate Zoology	4

Course No.	Subject	
Md. 401-402*	Medical Technology	32 sem. hrs.

*Medical Technology 401-402 is taught in the various private laboratories and local hospital laboratories.

†All Catholic students are required to take eight hours of religion during the course.

Pre-Dental Course The Dental Educational Council of America now prescribes two full years of college work for admission to the study of dentistry. This should include college courses in English, inorganic chemistry, organic chemistry, biology or zoology, and physics. These requirements are met at Loyola University by the following schedule:

First Year

Subject	Sem. Hrs.
English Composition	6
Chemistry, Inorganic	8
General Biology	8
*Electives	10

Second Year

Subject	Sem. Hrs.
English	6
Chemistry, Organic	8
Physics	6
*Electives	14

*Electives to be chosen from any lower division courses offered in the College of Arts and Sciences. For electives the student is urged to take more cultural subjects than scientific subjects, such as English literature, history, sociology, and philosophy. All Catholic students are required to take four semester hours of religion each year.

Pre-Legal Course In accordance with the standards of the Association of American Law Schools and the American Bar Association, students entering upon the study of law must have completed one-half of the work acceptable for a bachelor's degree granted on the basis of a four-year period of study by the State University or the principal colleges or universities in the state where the law school is located. Moreover, the student must earn as many quality points as semester hours carried during his entire pre-legal work.

The particular program offered by the College of Arts and Sciences is the following:

First Year

Subject	Sem. Hrs.
English	6
French	6
Science or Accountancy.....	8
History	6
Sociology or Economics.....	6
*Elective	4

Second Year

Subject	Sem. Hrs.
English	6
French	6
History	6
Philosophy	8
Public Speaking	2
*Elective	4

*All Catholic students are required to take four semester hours of religion each year.

Pre-Medical Course As most medical schools are now requiring three years of pre-medical work for admission, students are strongly urged to follow the particular program described below in preparation for the study of medicine:

First Year

Subject	Sem. Hrs.
General Biology	8✓
Chemistry, Inorganic	8✓
English Composition	6✓
French or German.....	6✓
Mathematics	6✓
*Elective	4

Second Year

Subject	Sem. Hrs.
Biology	8✓
Chemistry, Organic	4✓
Chemistry, Qualitative Analysis.....	4✓
French or German.....	6✓
History	6
Philosophy	8✓
*Elective	4

Third Year

Subject	Sem. Hrs.
English	6✓
Chemistry, Quantitative Analysis.....	4✓
Philosophy	8✓
Physics	8✓
Biology	8✓
*Elective	4

*All Catholic students are required to take four semester hours of religion each year.

THE GRAND COTEAU DIVISION OF THE COLLEGE

GRAND COTEAU, LA.

Saint Charles College, situated at Grand Coteau, Louisiana, in the southwestern part of the state, is a part of the College of Arts and Sciences of Loyola University. It is the training school for the members of the New Orleans Province (Southern States) of the Society of Jesus. The collegiate studies pursued there are the first part of the educational training in the formation of a Jesuit. These four years of study are followed by three years in the School of Philosophy and Science, by a period of teaching of three to five years, then by four years of theology in the School of Divinity, and finally by one year devoted to higher ascetical study.

On his admission to the Jesuit Order, the student begins a period of two years of study that is largely ascetical, consequently non-academic, in character. To keep up his academic interests, however, about three hours each day are devoted to academic study, one to Latin, another to Greek, and a third to English, and vacations as well as other periods of leisure are utilized for the acquisition of modern foreign languages.

During the second period of two years, however, the student's interest is concentrated on humanistic studies. As a majority of the members of the Jesuit Order spend their entire lives in teaching or in school administration, all are required to spend from three to five years in teaching, between the period of their philosophical and that of their theological studies. The training required for such a life of classroom activity is begun in the Grand Coteau Division of the College of Arts and Sciences.

In accordance with these purposes of the school, the enrollment in this Division is limited to the members of the Jesuit Order.

Requirements The minimum entrance requirement to this **For Admission** Division is the completion of a standard high school course requiring four years of Latin. A large number of students, however, have completed at least two years of college study. Because of the differences in previous preparation, private study under the most careful individual guidance and a modified tutorial method of instruction are offered the

student to enable him to enjoy the fullest opportunity for self-development.

Advanced Standing Students who have already secured their baccalaureate degree, or who have finished a portion of their college work, may complete the required studies in a shorter time than the period ordinarily prescribed. Under exceptional circumstances, the student may be required to take only courses in education, so that he may comply with the prerequisites for teaching as demanded by law in the various states and by the prescriptions of the standardizing agencies.

Organization and Courses The Grand Coteau Division is administered by an Associate Dean of the College of Arts and Sciences.

The courses offered in the Grand Coteau Division are listed with the courses offered at the University in New Orleans. Since one of the primary purposes of the Division is the education of future teachers, the various systems of education in their historical development as well as in their practical effects are reviewed, but emphasis is placed largely upon the *Ratio Studiorum*, which is the method of teaching traditional in the Jesuit Order. Another primary purpose of the Division is to deepen the student's appreciation and love of the classical languages, and every effort is made to develop scholarly interest in these subjects on the part of those who show special aptitude.

Examinations Examinations are held at the end of each semester. They are both oral and written, and a rigorous test is exacted in each of the subjects of study. If it should be found that a student is unable to complete the courses in a satisfactory manner within the prescribed time, he is required to add one or more years to his course before being allowed to proceed.

DEPARTMENTS OF INSTRUCTION

The courses of instruction in all departments of the College of Arts and Sciences are numbered in accordance with the following plan:

Lower division courses, numbered from 100 to 299, are, in general, introductory and basic. Freshman courses are numbered from 100 to 199; Sophomore courses from 200 to 299.

Upper division courses are numbered from 300 to 399. For these courses, basic training in the same or in allied subjects is a prerequisite.

The college credit allowed for a course is stated in terms of semester hours.

The following is a list of the key letters used to indicate the different courses of instruction:

Biology.....	Bl	Journalism.....	Jr
Chemistry.....	Ch	Latin.....	Lt
Commerce.....	Cm	Mathematics.....	Mt
Drawing.....	Dr	Philosophy.....	Pl
Education.....	Ed	Physics.....	Ph
English.....	En	Physical Education.....	Ped
Finance.....	Fn	Political Science.....	Psc
French.....	Fr	Public Speaking.....	Ex
German.....	Gr	Religion.....	Rl
Greek.....	Gk	Science.....	Sc
History.....	Hs	Sociology.....	Sl
Italian.....	It	Spanish.....	Sp

Course offered at Grand Coteau Division.....	C
Course offered on Saturday only.....	E
Course offered in night classes only.....	N

DEPARTMENT OF BIOLOGY

Dr. J. G. Arnold, Jr., Chairman

Bl. 101 General Botany An introductory course designed to acquaint the student with certain broad biological principles by means of a study of living organisms. The morphology and physiology of the cell is considered. With this as a foundation, study is made of the classification, structure, function, development, and relationship of typical examples of the chief plant groups. Two lectures and two laboratory periods. Offered every year. 4 sem. hrs.

Bl. 102 General Botany A continuation of the course Bl. 101. A study of reproduction, seeds, fruits, variations, heredity, and evolution in plants, followed by a survey of the great plant groups, and the classification of some of the common plants in Louisiana. Two lectures and two laboratory periods. Prerequisite: Bl. 101. Offered every year. 4 sem. hrs.

Bl. 104 General Zoology A continuation of the course Bl. 101. A comprehensive study is made of typical invertebrate and vertebrate animals. Cell division, embryology, and heredity are also considered. This course is required of pharmacy students. Two lectures and two laboratory periods. Prerequisite: Bl. 101. Offered every year. 4 sem. hrs.

Bl. 105 Invertebrate Zoology A study of the underlying principles of animal life. The taxonomy, morphology, physiology, life history, habits, and distribution of the invertebrate group (Protozoa, Porifera, Cœlenterata, Platyhelminthes, Nemathelminthes, Echinodermata, Annelida, Mollusca, and Arthropoda) are considered. This course is recommended for pre-medical students. Two lectures and two laboratory periods. Offered every year. 4 sem. hrs.

Bl. 106 Vertebrate Zoology A study of the taxonomy, morphology, physiology, life history, habits, and distribution of vertebrate animals. Reference is made to the lower chordate animals. Embryology, genetics, and ecology are considered briefly. This course is recommended for pre-medical students. Two lectures and two laboratory periods. Prerequisite: Bl. 105. Offered every year. 4 sem. hrs.

Bl. 201 Comparative Anatomy of the Vertebrates An intensive study of type forms as a preparation for human anatomy. Two lectures and two laboratory periods. Prerequisite: Bl. 105-106, or equivalent. Offered every year. 4 sem. hrs.

Bl. 202 General Embryology A study of the origin and maturation of germ cells, fertilization, and the formation of germ layers in certain typical invertebrate and vertebrate animals. Knowledge of the development of the systems of a vertebrate is obtained through an intensive study of the development of the chick. Two lectures and two laboratory periods. Prerequisite: Bl. 201. Offered every year. 4 sem. hrs.

Bl. 203 Genetics The study of similarities and differences in organisms related by descent. Chromosome theory, Mendelian inheritance, and biometry are considered. Two lectures. Prerequisite: Bl. 101-104, or equivalent. To be offered in 1940-1941. 2 sem. hrs.

Bl. 204 History of Biology A survey of the principal figures and discoveries which have contributed to the development of the science of biology. Two lecture periods. Prerequisite: Bl. 101-104. To be offered in 1940-1941. 2 sem. hrs.

Bl. 301 Bacteriology This course embraces bacteriological technique, the classification and the study of the properties of important non-pathogenic and pathogenic bacteria. The principles of immunity and serology, and a brief survey of protozoal parasites and filtrable viruses are also considered. Urine, gastric, milk, and water analyses comprise this course. This course is recommended for pre-medical students. Two lectures and two laboratory periods. Prerequisite: Bl. 101-104, 201-202. Offered every year. 4 sem. hrs.

Bl. 302 General Histology Histological technique, the study of the microscopic structure of tissues and organs of the mammalian body, and the study of the fundamentals of blood counting. Recommended for pre-medical students. Two lectures and two laboratory periods. Prerequisite: Bl. 301. Offered every year. 4 sem. hrs.

Bl. 303-304 General Physiology The study of the normal function of tissues and organs of animal forms. Special emphasis is laid on the mammalian type in order better to understand human physiology. Two lectures and two laboratory periods. Prerequisite: Bl. 201-202. Offered in 1939-1940.

8 sem. hrs.

Bl. 305 Animal Parasitology A study of parasites in relation to disease. The various types of parasites, their life histories, and the conditions that they cause will be considered. This course is recommended for pre-medical students and for those specializing in biology. Two lectures and two laboratory periods. Prerequisite: Bl. 101-104, or equivalent, and Bl. 201-202. Offered in 1939-1940. 4 sem. hrs.

Bl. 306 Animal Microtechnic A course in the principles and methods of preparing animal material for microscopical study. The student is given practice in fixing, embedding, sectioning, staining, and mounting tissues; the preparation of whole mounts. It is recommended for biology majors. One lecture or conference, and at least three laboratory periods a week. Prerequisite: Bl. 305. Offered in 1939-1940. 4 sem. hrs.

Bl. 307-308 Industrial Bacteriology A course to familiarize the student with the principles of bacteriology, mycology, and protozoology in relation to the various industries. Two lectures and two laboratory periods. Prerequisite: Three years of chemistry and one year of biology. Offered every year. 8 sem. hrs.

Bl. 310 Pothier Seminar The seminar is composed of the staff and of students majoring in biology, as well as others interested in the subject. The work of the seminar consists in the reading and discussion of papers on biological subjects by the members, and lectures by visiting scientists. Offered every year. No credit.

Bl. 390-391 Biological Problems. This is a course to allow the student to carry advanced biological work under faculty supervision. This course is open to Seniors. Prerequisite: Three years of biology. Offered every year.

Credit determined by work done.

DEPARTMENT OF CHEMISTRY

Rev. G. A. Francis, S.J., Chairman

Ch. 101-102 General Inorganic Fundamental principles of chemistry; the laws of chemical action and description of the non-metallic and metallic elements and their compounds. Two lectures, one recitation, and two laboratory periods. Offered every year. 10 sem. hrs.

Ch. 201-202 Organic Chemistry Discussion of the important compounds of aliphatic and aromatic series and preparation of typical compounds. Two lectures and two laboratory periods. Offered every year. 8 sem. hrs.

Ch. 301 Inorganic Qualitative Analysis Detection of the common cations and anions, based on the application of chemical principles. One lecture and three laboratory periods. Offered every year. 4 sem. hrs.

Ch. 302 Inorganic Quantitative Analysis Gravimetric and volumetric methods of analysis. One lecture and three laboratory periods. Offered every year. 4 sem. hrs.

Ch. 303-304 Physical Chemistry A general survey of the subject. Treatment of the laws of chemical phenomena—the gaseous, liquid, and solid states of matter. The course treats of thermo-chemistry, laws governing chemical changes, and electro-chemistry. Two lectures and two laboratory periods. Offered every year. 8 sem. hrs.

Ch. 305-306 Industrial Chemistry A study of the more important chemical industries. The course deals with production of petroleum products; animal and vegetable oils and fats; sugar; water for municipalities and for industrial uses; paints, varnishes, lacquers, synthetic plastics; industrial alcohol, etc. Two lecture periods. Offered every year. 4 sem. hrs.

Ch. 307-308 Technical Methods of Analysis Analysis of the substances discussed in Ch. 305-306. Three laboratory periods. Offered every year. 6 sem. hrs.

Ch. 309-310 Biological Chemistry A study of the chemical constituents of the body. The chemistry and functions of the carbohydrates, fats, proteins, vitamins, and mineral elements of foods. Two lectures and three hours of laboratory. Offered every year. 7 sem. hrs.

DEPARTMENT OF CLASSICAL LANGUAGES

Rev. R. M. Brooks, S.J., Chairman

A. Latin

Lt. 001-002C Latin Composition Thorough review of the principles of syntax, intended to lead to proficiency in the idiomatic translation of selected passages from English authors. The semester hours will be credited toward the completion of the total hours required for graduation, but not toward the fulfillment of the language requirement. Offered every year. 4 sem. hrs.

- Lt. 003C Ecclesiastical Latin** Selections from the Latin Vulgate, the Liturgy, and from early and medieval writers. Offered every year. 3 sem. hrs.
- Lt. 101 Cicero** One of these four orations: Pro Archia, De Signis, Pro Marcello, Pro Ligario. Rapid review of syntax. Offered every year. 3 sem. hrs.
- Lt. 102 Horace** Ars Poetica and select lyrics; principles of versification. Offered every year. 3 sem. hrs.
- Lt. 103 Virgil** Literary study of the Aeneid. Offered in 1938-1939. 3 sem. hrs.
- Lt. 104C Livy** Books 21 and 22. Offered every year. 3 sem. hrs.
- Lt. 105C Horace and Ovid** Select works. Offered every year. 3 sem. hrs.
- Lt. 106 Latin Composition** Advanced composition based on Bradley's Arnold. Offered every year. 2 sem. hrs.
- Lt. 201 Cicero** A study of the principles of the art of literary expression as illustrated and exemplified by the Pro Milone, Pro Lege Manilia, or the Second Philippic. Offered every year. 3 sem. hrs.
- Lt. 202 Horace** Literary study of the Satires and Epistles. Offered every year. 3 sem. hrs.
- Lt. 203 Virgil** Literary study of the Aeneid. A continuation of Lt. 103. Offered in 1938-1939. 3 sem. hrs.
- Lt. 203C Virgil** A literary study of the Eclogues and Georgics. Offered every year. 2 sem. hrs.
- Lt. 204C Tacitus** A literary study of select works. Offered every year. 2 sem. hrs.
- Lt. 205C Latin Literature** A survey of Latin literature from its beginning to the end of the Golden Age; select readings from all the classical authors. Offered every year. 2 sem. hrs.
- Lt. 206 Latin Composition** Advanced composition. A continuation of Lt. 106. Offered in 1939-1940. 2 sem. hrs.
- Lt. 301 Cicero** A study of his letters and non-oratorical prose, or further study of his speeches. Offered in 1939-1940. 3 sem. hrs.
- Lt. 302 Horace** A study of his philosophy as embodied in the Satires and Epistles. Offered in 1939-1940. 3 sem. hrs.

B. Greek

Gk. 001-002C Introductory A course for those who enter college without high school Greek. Etymology, syntax. St. Luke's Gospel. The semester hours will be credited toward the total hours required for graduation, but not toward the fulfillment of the language requirement. Offered every year.

4 sem. hrs.

Gk. 101C Xenophon Selections from the Anabasis. Study of historical and literary background; syntax of the moods and tenses reviewed; composition based on selections studied. Offered every year.

3 sem. hrs.

Gk. 102C Homer Selections from the Iliad and Odyssey. Dialects; outline of Greek epic poetry; composition based on selections studied. Offered every year.

3 sem. hrs.

Gk. 105C Introductory Greek Composition Practice in writing simple Greek. Offered every year.

2 sem. hrs.

Gk. 203C Lysias-Plato. Lysias, selected speeches; Plato's Apology and Crito. Offered every year.

3 sem. hrs.

Gk. 204C Chrysostom-Demosthenes St. John Chrysostom, In Eutropium; Demosthenes, selected speeches. Offered every year.

3 sem. hrs.

Gk. 205C Demosthenes-Basil Demosthenes, De Corona; St. Basil, On Pagan Literature; lectures on Greek oratory. Offered every year.

3 sem. hrs.

Gk. 209C Advanced Greek Composition A continuation of Gk. 105C. Offered every year.

2 sem. hrs.

Gk. 301C Sophocles-Euripides Sophocles, Antigone; Euripides, Hecuba. Lectures on Greek drama. Offered every year.

3 sem. hrs.

Gk. 303C Thucydides The Sicilian Expedition. Lectures on Greek historiography. Offered every year.

3 sem. hrs.

Gk. 304C Xenophon-Herodotus Xenophon, Cyropaedia; Herodotus, Histories. Methods of the two authors compared. Offered every year.

3 sem. hrs.

DEPARTMENT OF ECONOMICS

Dr. J. V. Connor, Chairman

Program of Majors Both the major and the restricted minor are to be taken from this department by students seeking the Bachelor of Science degree in the department. The major may be taken in either commerce or finance. When one group of courses is selected for the major, the other group automatically becomes the restricted minor.

DESCRIPTION OF COURSES**A. Commerce**

Cm. 101-102 Economic History of United States The outstanding industrial, agricultural, and financial factors in United States development; colonization and the English colonial policy; the evolution of American economic institutions; currency and banking; transportation; the westward movement; population and labor; southern economy; plantations, slavery, and cotton; tariff policy; private and public finance; agriculture and natural resources; conservation; emergence of United States as a world power. Offered every year. 6 sem. hrs.

Cm. 201 Principles of Economics Economic structures; production; business types; consumption; value and prices; foreign trade; money and credit; distribution of wealth and income. Offered every year. 3 sem. hrs.

Cm. 202 Elementary Economic Problems Business financing; business cycles; trust control; transport; agriculture; labor; insurance; public finance. Offered every year. 3 sem. hrs.

Cm. 301 Marketing Principles of marketing; middlemen and marketing functions; organized exchanges; cooperatives; trade associations; market analyses; public regulation; assigned problems in collecting and interpreting data; collateral readings. To be offered in 1940-1941. 3 sem. hrs.

Cm. 302 Merchandising Principles of merchandising; types of retail outlets; chain, independent, department, and mail order; retail operating methods and policies; location, purchasing, records, selling, and stock turnover. Readings and problems assigned. To be offered in 1940-1941. 3 sem. hrs.

Cm. 303-304 Business Correspondence Principles of business correspondence; emphasis on structure and content of different types of letters; business reports. Practice writing on assigned problems. Offered every year. 4 sem. hrs.

Cm. 305-306 Commercial Law Fundamental ideas of law in general; business forms; contracts; agency; negotiable instruments; sales; personal property; partnerships and corporations; real property; insurance; suretyship; mortgages; bankruptcy; banking law. Offered every year. 6 sem. hrs.

Cm. 307 Sales Management Place of sales management in distribution; organization of the selling department; training salesmen; control; costs, budgets, and quotas; promotion; solution of problems. Offered in 1939-1940. 3 sem. hrs.

Cm. 308 Advertising Fundamental principles of advertising; layouts and writing of copy; advertising agencies and media; advertising forms; psychology in advertising. Practical observations. Offered in 1939-1940. 3 sem. hrs.

Cm. 313-314 Inland Transportation Evolution of transportation; facilities of transportation; railways, waterways, highways, and airways; transport economics; principles of classification and rate making; public control and legislation; recent problems. To be offered in 1940-1941. 4 sem. hrs.

Cm. 320-321 Commercial Spanish Practice in reading and writing Spanish as used in commercial transactions. To be offered in 1940-1941. 2 sem. hrs.

B. Finance

Fn. 101-102 Accounting I Elements of double entry book-keeping; single proprietorship; partnership; corporation; opening and closing books; intensive drill on working papers; good-will; focal date; funds; bonds; discounting of notes. Laboratory drill. Offered every year. 6 sem. hrs.

Fn. 103 Business Mathematics I Commercial algebra; simple and quadratic equations; logarithms; interest and discount; graphs and statistical methods. Problem drill. Offered every year, first semester. 3 sem. hrs.

Fn. 104 Business Mathematics II Compound interest and compound discount; annuities and sinking funds; depreciation; insurance. Problem drill. Offered every year, second semester. 3 sem. hrs.

Fn. 201-202 Intermediate Accounting The first part of this course consists of the study of accounting problems peculiar to the corporate form of organization. The second part is devoted to the valuation and special problems of assets and liabilities. The third part is devoted to the preparation and analysis of accounting statements. Prerequisite: Fn. 101-102. Offered every year. 6 sem. hrs.

Fn. 301-302 Advanced Accounting This course is devoted to the study of advanced accounting problems pertaining to partnerships, receiver's operations and statements, foreign exchange, estate accounting, and consolidated balance sheets and income statements. Prerequisite: Fn. 201-202. Offered every year. 6 sem. hrs.

Fn. 303 Federal Tax Accounting This course is devoted to the study of the income tax provisions of the current revenue act and regulations of the Treasury Department from an accounting standpoint. Problems assigned include the preparation of individual and corporation tax returns. Prerequisite: Fn. 201-202. Offered every year, first semester. 3 sem. hrs.

Fn. 304 Cost Accounting The subject-matter of this course is confined to industrial cost accounting. Particular attention is given to the methods of allocation of indirect expenses to departments, processes, jobs, and classes of product. The principles of cost accounting are illustrated in a complete set which the student is required to work out. Prerequisite: Fn. 201-202. Offered every year, second semester. 3 sem. hrs.

Fn. 305-306 Money and Banking Definition and functions of money; monetary development in the United States; recent developments; nature, functions, and instruments of credit; developments in United States banking; recent changes; commercial, investment, agricultural, and consumer credit facilities. Offered every year. 6 sem. hrs.

Fn. 307-308 Corporation Finance Forms of business enterprise; promoters; conditions and laws of incorporation; underwriting; working capital; distribution of dividends; financial plan for operation; failure and reorganization; relations of shareholders, creditors, and the general public to the corporation. Offered in 1939-1940. 6 sem. hrs.

Fn. 311-312 Business Statistics Collections, analysis, and presentation of statistical data; barometers of business in forecasting; plotting of graphs for executive control. Offered every year. 6 sem. hrs.

Fn. 317-318 Public Finance Types of public revenues; types of public expenditures; forms of taxes; principles of taxation; public credit; war financing; depression financing; budgets; financial administration. To be offered in 1940-1941.

6 sem. hrs.

Fn. 321-322 C. P. A. Problems This course is designed for students who expect to enter the field of public accounting. It includes a consideration of auditing procedure, but the major part of the work consists of problems designed to furnish preparation for the C. P. A. examinations. Prerequisite: Fn. 301-302. Offered every year at night only.

6 sem. hrs.

DEPARTMENT OF EDUCATION AND PHYSICAL EDUCATION

Rev. J. F. Whelan, S.J., Chairman

A. Courses in Education

Ed. 148 Distributive Education—Course I State and federal laws governing the use of funds; analysis of types of training necessary; contents of various courses and methods of teaching these courses. Offered in 1938-1939.

2 sem. hrs.

Ed. 301 The School and Society A core course in education that continues throughout the entire scholastic year. In this course the philosophy of education is discussed in the light of its various phases and implications. The principles and organization of elementary, secondary, and higher education are treated critically in terms of the needs of the pupil and society. Recent trends in the development of the curriculum, supervision and administration are likewise studied in terms of their contribution to the individual and to society. This course is required of all students offering a major or minor in education. Offered every year.

4 sem. hrs.

Ed. 302 The School and Society (Continued) A continuation of Ed. 301. Education and guidance; democracy and education; national systems of education; education and the totalitarian state. This course is required of all students offering a major or minor in education. Offered every year.

4 sem. hrs.

Ed. 307 Philosophy of Education. The philosophies of naturalism, socialism, and nationalism, and the systems of education to which each of these philosophies gave rise. This course

then examines the attitude of the more conservative philosophers and educators toward naturalism, socialism, and nationalism. Offered every year. 3 sem. hrs.

Ed. 310 History of Education The historical foundations of modern education; the aims and methods of education in our western civilization. Offered every year. 3 sem. hrs.

Ed. 321 Principles of Elementary Education The elementary school curriculum and curriculum making; progressive trends in elementary education; the supervision of elementary education; the administration of elementary education. Summer, 1940. 3 sem. hrs.

Ed. 330 General Psychology—Course I Definition and scope; mental faculties; the external senses; the internal senses; impulses and desires; reflex action; the faculty of thought; the faculty of choice; feelings and emotions; habit; character. Offered every year. 3 sem. hrs.

Ed. 331 General Psychology—Course II The nature of the soul; the origin of the soul; the immortality of the soul; union of soul and body; the abnormal mind; the subconscious; mental influence on physical functions; the psychology of learning; applied psychology. Offered every year. 3 sem. hrs.

Ed. 333 Educational Psychology A study of the educand with emphasis upon the learning implications. Offered every year. 3 sem. hrs.

Ed. 336 Evaluation and Statistics in Education The place of evaluation in an educational program; critical discussion of instruments of evaluation in terms of the objectives of education; the administration and use of intelligence tests, aptitude tests, achievement tests, prognostic tests. Offered every year. 3 sem. hrs.

Ed. 341 Teaching Nature Study and Science in the Elementary School The offerings of nature study and science toward the unification of the curriculum. Offered in 1939-1940. 3 sem. hrs.

Ed. 342 Teaching Music and Art in the Elementary School The psychological basis of appreciation; stories of the composers and artists; incidences which prompted the compositions; the correlation of music with art; and the contribution of music and art to the curriculum. Summer, 1940. 3 sem. hrs.

Ed. 345 Visual and Audio Aids in Education A course designed to show the possibilities and the advantages of excursions, school museums, stereoscopes, projecting machine, film strips, moving pictures, and the radio in teaching the various subjects of the curriculum. Offered in 1939-1940. 3 sem. hrs.

Ed. 346 Vocational Education A brief history of industrial conditions in England and the United States; industrial developments in the United States and the consequent demand for education of industrial workers; vocational education under federal and state laws; local administration of vocational education. Offered 1938-1939. 2 sem. hrs.

Ed. 347 New Trends in Vocational Education A study of changes in industry necessitating revision of the curriculum to meet new conditions; diversified occupations. Offered in 1938-1939. 2 sem. hrs.

Ed. 350 Practice Teaching This course offers to prospective teachers a cadetship in teaching under the direction of an approved and experienced teacher. The work of the course consists in observation of the critic teacher; actual teaching under the direction and observation of the critic teacher; and conferences with the critic teacher, the school principal, and the instructor of the course. Students registering in this course must have an average of 1.25 quality points in the teaching field, together with at least six semester hours in education, before they will be allowed to teach any subject. This course must include at least sixty clock hours of actual teaching while being observed by the critic teacher. Records of at least twelve conferences with the critic teacher must be presented to the instructor of the course. Offered every year. 4 sem. hrs.

B. Courses in Physical Education

Ped. 171-172 Principles, Organization, and Administration of Health and Physical Education This course is intended for students majoring or minoring in physical education. The materials of the course are treated from the point of view of the teacher of health and physical education. Offered every year. 4 sem. hrs.

Ped. 173 Principles, Organization, and Administration of Health and Physical Education This course is designed for classroom teachers. The purpose is to bring out, in its proper perspective, health as an objective of education. Offered every year. 2 sem. hrs.

Ped. 175 Health and Safety Education The place and contribution of the school in the program of health and safety for an entire community. The teaching of safety, health, and school health programs. Offered every year. 2 sem. hrs.

Ped. 181 Theory and Practice of Physical Education for Men A fundamental course in football and basketball. Offered every year. 3 sem. hrs.

Ped. 182 Theory and Practice of Physical Education for Men Athletic coaching in intramural and interscholastic athletics: football, volleyball, basketball. Offered every year. 2 sem. hrs.

Ped. 183 Theory and Practice of Physical Education for Men A fundamental course in baseball and other summer sports. Offered every year. 3 sem. hrs.

Ped. 184 Theory and Practice of Physical Education for Men Athletic coaching in intramural and interscholastic athletics: baseball, boxing, track, tennis, golf. Offered every year. 2 sem. hrs.

Ped. 185 Theory and Practice of Physical Education for Men A fundamental course in boxing and track. Offered every year. 3 sem. hrs.

Ped. 186 First Aid An advanced course including practical lectures and demonstrations of typical situations to give the student an understanding of some of the fundamental techniques useful in situations of emergency. Offered every year. 1 sem. hr.

Ped. 187 Elementary Folk and National Dances A study of the authentic dances and costumes of different nations. This course includes dances and rhythms suitable for children in the first six grades of the elementary school. Summer, 1942. 2 sem. hrs.

Ped. 188 Home Hygiene and Care of the Sick Individual health and personal hygiene; healthful home and community environment; the care of children; the care of the sick, the care of patients with communicable diseases; the treatment of common ailments and emergencies. Summer, 1940. 2 sem. hrs.

Ped. 189 Theory and Practice of Relay, Contests and Minor Games Games that can be used in class, also lead-up games that can be used with major games. Summer, 1940. 2 sem. hrs.

Ped. 281 Theory and Practice of Physical Education for Men
A study of the theory, strategy, and mechanics of football and basketball. Prerequisite: Ped. 181. Offered every year.

3 sem. hrs.

Ped. 283 Theory and Practice of Physical Education for Men
A study of the theory, strategy, and mechanics of baseball and other summer sports. Prerequisite: Ped. 183. Offered every year.

3 sem. hrs.

Ped. 285 Theory and Practice of Physical Education for Men
Advanced work in boxing and track. Prerequisite: Ped. 185. Offered every year.

3 sem. hrs.

Ped. 286 Treatment of Athletic Injuries Practical lectures and demonstrations typical of situations of injuries that arise in connection with athletic events; the diagnosis and emergency treatment of such injuries. Offered every year.

1 sem. hr.

Ped. 287 Advanced Folk Dances A continuation of Ped. 187. This course includes dances suitable for the junior high school. Summer, 1940.

2 sem. hrs.

Ped. 370 History of Physical Education A survey of the history of physical education and its effects upon the present systems. Summer, 1942.

2 sem. hrs.

Ped. 373 Leisure and Recreation Current problems of the social aspects of leisure and ways of meeting these problems. Summer, 1940.

2 sem. hrs.

Ped. 375 Applied Principles of Health and Physical Education Practical applications of the principles of health and physical education in the work of the classroom teacher and the special teacher of health and physical education. Summer, 1941.

2 sem. hrs.

Ped. 381 Theory and Practice of Physical Education for Men
A continuation of Ped. 281. Prerequisite: Ped. 281. Offered every year.

3 sem. hrs.

Ped. 382 Principles of Coaching: Football and Basketball
Principles of strategy, organization, and administration in the coaching of football and basketball. Prerequisite: Ped. 381. Offered every year.

3 sem. hrs.

Ped. 383 Theory and Practice of Physical Education for Men
A continuation of Ped. 283. Prerequisite: Ped. 283. Offered every year.

3 sem. hrs.

Ped. 384 Principles of Coaching: Baseball Principles of strategy, organization, and administration in the coaching of baseball. Prerequisite: Ped. 383. Offered every year. 3 sem. hrs.

Ped. 385 Theory and Practice of Physical Education for Men A continuation of Ped. 285. Prerequisite: Ped. 285. Offered every year. 3 sem. hrs.

Ped. 386 Principles of Coaching: Boxing and Track Principles concerned with the selection and training for boxing and track; organization and management of boxing and track teams. Prerequisite: Ped. 385. Offered every year. 3 sem. hrs.

Ped. 387 Tap, Character, and Soft-Shoe Dances Dances suitable for class work and for special school programs. The course includes dances suitable for the senior high school. Summer, 1941. 2 sem. hrs.

Ped. 388 Theory and Practice of Physical Education for Women Athletic coaching in intramural and interscholastic athletics, volleyball, basketball, indoor baseball, tennis, hit-pin ball, and badminton. Offered in 1939-1940. 2 sem. hrs.

Ped. 389 Pageantry A course in the elementary principles of pageants, festivals, dramatizations, pantomime, dance, drama, and assembly programs. Lighting and staging of the various performances are given special attention. Summer, 1940. 2 sem. hrs.

DEPARTMENT OF ENGLISH AND JOURNALISM

Rev. E. J. O'Connor, S.J., Chairman

A. Composition

En. 001 English Composition A course devoted to practice in correct writing. This is a laboratory course, conducted two hours a week and required of Freshmen who demonstrate, in the aptitude test, that they need the course. Transfer students who register with advanced standing and are judged deficient in oral or written composition will be required to follow this course. Offered every year. No credit.

C. Journalism

Jr. 201-202 News Writing and Reporting Elements of news; the lead; style and structure of news stories; news sources; intensive practice in news writing. Writing done in class is inspected, and each student is offered the opportunity for personal conference with the instructor several times in the semester. By lecture and round-table discussion, understanding of various types of news is given before the student undertakes to write the story. Emphasis during the second semester is on developing news judgment and craftsmanship along with skill in handling more complex types of news stories. Required of all Sophomores who intend to major in journalism. Offered every year. 6 sem. hrs.

Jr. 301-302 News Editing Lectures and intensive practice in copy reading for errors of fact, of English, and of newspaper style; headline writing; news values and policy; libel; page layouts and makeup; reader interest. Associated Press copy is used during the second semester and students work on the copy desk of The Maroon. Required of all who are majoring in journalism. Prerequisite: Jr. 201-202. Offered every year. 6 sem. hrs.

Jr. 306 Modern Feature Writing Analysis of semi-news copy. The field for feature articles; study of newspaper feature articles for daily feature pages, Sunday magazine supplements, and special departments; magazine articles; structure and style; intensive practice in writing features. Offered in 1939-1940. 3 sem. hrs.

Jr. 309 Development of the Modern Newspaper Changes and developments in American newspaper work from colonial times to the present day, projecting the newspaper as an institution against the background of the economic, social, and political history of the nation. Lectures, discussions, outside readings. Emphasis upon original research for term papers written by the student. To be offered in 1941-1942. 3 sem. hrs.

Jr. 315-316 Advanced Newspaper Reporting Lectures and intensive practice in reporting and writing news of local, state, and federal courts; the handling of crime news; county and federal administrations; politics, finance, labor, with emphasis on stories of background and survey types. Students must have at least six weeks of practice on local newspapers. Required of all who are majoring in journalism. Prerequisite: Jr. 201-202. Offered in 1939-1940. 6 sem. hrs.

Jr. 321 Editorial Writing Analysis of current news problems. The course seeks to correlate background social science courses and focus them on current affairs. It seeks to familiarize students with reference works and source materials bearing on the background of the news. The function of the editorial; analysis of policies; editorial structure and style; types of editorials. Intensive practice in writing editorials and interpretative articles for The Maroon. Required of all who are majoring in journalism. To be offered in 1940-1941. 3 sem. hrs.

Jr. 324 Ethics of Journalism Lectures and discussions, making application of ethics to the activities of the professional press, with consideration of current problems and professional codes of ethics. Required of all students majoring in journalism. Offered in 1939-1940. 2 sem. hrs.

Jr. 331-332 Supervised Publication Work Staff duty on The Maroon and conferences with the instructor. Open only to Juniors and Seniors with at least a 2.0 average. Offered every year. 2 sem. hrs.

Jr. 335 The Literature of Journalism Reading and discussion of source materials in the field of journalism, including histories of specific newspapers, biography, fiction, textbooks, and critical and philosophic articles in contemporary periodicals dealing with new developments. Digests of reading, comment, and original investigations are prepared and submitted at intervals by the class. Each student is expected to familiarize himself with a number of old and new books on journalism and journalists, as well as with the current periodicals dealing with journalism. To be offered in 1941-1942. 3 sem. hrs.

D. Public Speaking, Dramatics

Ex. 121 Public Speaking This course seeks to give the student the fundamental principles necessary to self-criticism, and an opportunity to apply these principles in practice. Offered every year. 2 sem. hrs.

Ex. 222 Debating and Dramatics Practical training in debating and in the presentation of plays. A laboratory course for En. 208. Offered every year. 1 sem. hr.

DEPARTMENT OF HISTORY AND POLITICAL SCIENCE

Dr. R. D. Doyle, Chairman

A. Southern History

Hs. 110 Louisiana Under French Control (1682-1763) The expeditions of La Salle; Fort St. Louis; Iberville and Bienville; explorations to the north and west; Franco-Spanish rivalry in Louisiana and Texas; land and commercial monopolies; slavery and labor problems; agriculture; cession of Louisiana to Spain. Md. 101-102 A course to acquaint the prospective medical technician with the care of the equipment of the laboratory and the ethics of the profession. Offered every year. 8 sem. hrs.

Md. 201-202 A course to acquaint the student medical technician with the fundamentals of urinalysis, fecal analysis, and hematology. This course will not be allowed as practical experience. Offered every year. 8 sem. hrs.

Md. 301-302 This is a course which allows the student medical technician to perfect the technique essential to the practical laboratory training which is to follow. Offered every year. 8 sem. hrs.

Md. 390-391 This course of twelve months duration is taught in various recognized local hospitals or private laboratories. Practical laboratory experience is allowed in the following subjects:

Urinalysis	Gastro-Enterology
Hematology	Pathogenic Bacteriology
Serology	Basal Metabolism
Tissue Sections	Electrocardiography
Parasitology	Museum Preparation Technique
	Gross and Microscopic Photography

Offered every year. 32 sem. hrs.

DEPARTMENT OF MODERN FOREIGN LANGUAGES

A. French

Fr. 001-002 Basic French A course intended to enable the student to read French with direct and immediate comprehension. The semester hours will be credited toward the com-

pletion of the total hours required for graduation, but not toward the fulfillment of the language requirements. Offered every year. 4 sem. hrs.

Fr. 101-102 Intermediate A continuation of Fr. 001-002, with review of grammar, graded composition, and reading. Prerequisite: French 001-002, or a passing grade in a qualifying examination. Offered every year. 6 sem. hrs.

Fr. 201-202 Introduction to French Literature Collateral reading and composition. Prerequisite: Fr. 102. Offered every year. 6 sem. hrs.

Fr. 301-302 Advanced Grammar, Composition, and Conversation Collateral reading. A course required for the major or minor in French. Prerequisite: Fr. 202. Summer, 1941. 4 sem. hrs.

Fr. 305-306 French Novel A history of the French novel, with emphasis on the novel of the nineteenth century. To be offered in 1940-1941. 6 sem. hrs.

Fr. 307-308 French Drama (307) From the beginning to 1715. (308) French drama of the eighteenth century. Offered in 1939-1940. 6 sem. hrs.

Fr. 309 French Drama of the Nineteenth Century Summer, 1941. 3 sem. hrs.

Fr. 325 Eighteenth Century The philosophical ideas of the eighteenth century. Summer, 1940. 3 sem. hrs.

Fr. 398-399 Research Special research problems in French for advanced undergraduates. Offered every year. 2 sem. hrs.

B. German

Gr. 001-002 Elementary A course intended to give the essentials of grammar. The semester hours will be credited toward the completion of the total hours required for graduation, but not toward the fulfillment of the language requirements. Offered every year. 4 sem. hrs.

Gr. 101-102 Intermediate Review of grammar; composition and reading. Prerequisite: Gr. 001-002, or a passing grade in a qualifying examination. Offered every year. 6 sem. hrs.

Gr. 201-202 Survey A survey of German literature. Collateral reading, composition. Prerequisite: Gr. 102. Offered every year. 6 sem. hrs.

Gr. 301-302 Advanced Grammar Oral and written composition. A course required for the major or minor in German. Prerequisite: Gr. 202. To be offered in 1940-1941. 4 sem. hrs.

Gr. 309-310 Drama The German drama of the nineteenth century. Offered in 1939-1940. 6 sem. hrs.

Gr. 398-399 Research Special research problems in German literature for advanced undergraduates. Offered in 1939-1940. 2 sem. hrs.

C. Italian

It. 101-102 Intermediate Review of grammar; composition and reading. Prerequisite: It. 001-002, or a passing grade in a qualifying examination. To be offered in 1939-1940. 6 sem. hrs.

It. 201-202 Survey A survey of Italian literature. Collateral reading, composition. Prerequisite: It. 102. To be offered in 1940-1941. 6 sem. hrs.

D. Spanish

Sp. 001-002 Elementary A course intended to give the essentials of grammar. The semester hours will be credited toward the completion of the total hours required for graduation, but not toward the fulfillment of the language requirements. Offered every year. 4 sem. hrs.

Sp. 101-102 Intermediate Review of grammar; composition and reading. Prerequisite: Sp. 001-002, or a passing grade in a qualifying examination. Offered every year. 6 sem. hrs.

Sp. 201-202 Survey A survey of Spanish literature. Collateral reading, composition. Prerequisite: Sp. 102. Offered every year. 6 sem. hrs.

Sp. 301-302 Advanced Grammar Oral and written composition. A course required for the major or minor in Spanish. Prerequisite: Sp. 202. Offered in 1939-1940. 4 sem. hrs.

Sp. 303-304 Spanish-American Literature Emphasis is placed on the prose writers of Spanish America. Summer, 1940. 6 sem. hrs.

Sp. 307-308 History of the Spanish Drama (307) From the beginning to 1830. (308) From the Romantic Movement to the present. Summer, 1941. 6 sem. hrs.

Sp. 317 Cervantes His life and works, with special emphasis on the Quijote. Summer, 1940. 3 sem. hrs.

Sp. 398-399 Research Special research problems in Spanish literature for advanced undergraduates. Offered every year. 2 sem. hrs.

DEPARTMENT OF PHILOSOPHY

Pl. 201 Dialectics Definition and division of philosophy; natural and scientific logic; material elements of logic; acts of the mind; nature of these acts, their kinds, properties, and external expression; formal elements of logic; forms of argumentation; fallacies. Offered every year. 2 sem. hrs.

Pl. 202 Epistemology The study of truth, logical and moral; falsity; the study of the mind in relation to truth; ignorance; doubt; opinion; nature and kinds of certitude; scepticism; agnosticism; materialism; positivism; idealism; rationalism; traditionalism; criteria of truth. Offered every year. 2 sem. hrs.

Pl. 203 Ontology Being, its objective concept; essence; states of being; existence; possibility, internal and external; source of internal possibility; kinds of being: substance and accident; distinction between nature and person; attributes of being; principle of causality. Offered every year. 2 sem. hrs.

Pl. 204 Cosmology The origin of the world; monism; pantheism; materialism; creation: formation and finality of the world; the constructive properties of bodies; atomism; dynamism; hylomorphism; substantial changes; the laws of nature; miracles: definition, possibility, cognoscibility. Offered every year. 2 sem. hrs.

Pl. 301 Psychology Life in general; empirical observation of vital action; the power of self-motion; purposive activity; immanency of action; scholastic concept of life; the three essentially different grades of life; the prime principle of life; the theory of evolution; the nature of the soul; the origin of the soul; the immortality of the soul; union of soul and body. Offered every year. 2 sem. hrs.

Pl. 308 Theodicy Atheism, agnosticism, deism, theism; the existence of God; the essence of God; the divine attributes; God and the world; the materialistic and pantheistic concept of God. Offered every year. 2 sem. hrs.

Pl. 311-312 Ethics Definition, nature, object, and necessity of ethics; subjective and objective ultimate end of man; human action, its merit and imputability; norm of morality, true and false; man's duty to his Creator; man's duty to himself; man's duty to his neighbor; duties to property; society: domestic, civil, international, religious. Offered every year. 4 sem. hrs.

Pl. 314 History of Philosophy: Ancient Study of pre-Hellenic, Greek, Greco-Roman, and Greco-Oriental philosophy to the Christian era. Offered in 1939-1940. 2 sem. hrs.

Pl. 315 History of Philosophy: Scholasticism A study of patristic and scholastic philosophy from the beginning of the Christian era to A. D. 1450. Offered in 1939-1940. 2 sem. hrs.

Pl. 316 History of Philosophy: Early Modern Transition from scholastic to the modern philosophy; a study of philosophic thought from Francis Bacon to Kant. To be offered in 1940-1941. 2 sem. hrs.

Pl. 317 History of Philosophy: Late Modern Study of philosophic thought from Kant through the eighteenth century, and of present day tendencies in philosophy. To be offered in 1940-1941. 2 sem. hrs.

DEPARTMENT OF PHYSICS AND MATHEMATICS

Rev. K. A. Maring, S.J., Chairman

A. Physics

Ph. 201-202 General Physics This course in the principles of general physics is designed for students majoring in science and also for students preparing for medicine or engineering. It is intended to impart a thorough grounding in the underlying principles of mechanics, heat, sound, light, and electricity. Three lectures and two laboratory periods. Prerequisite: Mt. 101 or 103, Mt. 105. Offered every year. 10 sem. hrs.

Ph. 201-202N General Physics Prerequisite and general content of course same as Ph. 201-202. Two lectures and two laboratory periods. Offered every year. 8 sem. hrs.

Ph. 201-202E General Physics This course is designed for students not majoring in science nor preparing for medicine or engineering, but for those who desire a general knowledge of the fundamental principles of physics toward an understanding of the physical happenings of everyday life. It is intended also to satisfy the science requirement of the Ph.B. degree. Two lectures and one laboratory period. Offered every year. 6 sem. hrs.

Ph. 201-202D General Physics This is a demonstration lecture course designed to meet the requirements of the American Association of Dental Schools. It embraces the fundamental principles underlying mechanics, heat, sound, light, and electricity, emphasizing especially problems peculiar to dentists. Three lectures each week. Offered every year. 6 sem. hrs.

Ph. 301-302 Electricity and Magnetism This course is intended to give the student a thorough grasp of the principles of static electricity, direct and alternating currents, and the fundamentals of electronics. Prerequisite: Ph. 201-202, Mt. 301-302. Three lectures each week. Offered every year. 6 sem. hrs.

Ph. 303-304 Electrical Measurements A laboratory course to accompany Ph. 301-302. Various methods of measuring the more important electrical and magnetic quantities are given, as well as instruction in the use of standard commercial measuring apparatus. Two laboratory periods each week. Offered every year. 4 sem. hrs.

Ph. 307-308 Analytical Mechanics A study of the composition and resolution of forces acting on a particle; forces acting on a rigid body; the statics of a rigid body; the center of gravity; friction; flexible cords; the kinetics of a particle; the motion of a particle in a plane curve; work and energy; constrained motion; the moment of inertia; kinetic friction. Prerequisite: Same as for Ph. 301-302. Three lectures each week. Offered every year. 6 sem. hrs.

Ph. 311 Optics The fundamental principles of geometrical and physical optics, with an introduction to modern theories of radiation. Prerequisite: Same as for Ph. 301-302. Three lectures each week. To be offered in 1940-1941. 3 sem. hrs.

Ph. 312 Optical Measurements This is an advanced laboratory course to accompany Ph. 311. It includes measurements on the index of refraction, spectrometry (visible spectrum), focal length of converging lenses and lens systems, lens aberrations, interference, photometry, polarized light. Two laboratory periods each week. To be offered in 1940-1941. 2 sem. hrs.

Ph. 315 Heat and Thermodynamics First and second law of thermodynamics, with special application to the problems of chemistry. Prerequisite: Same as for Ph. 301-302. Three lectures each week. To be offered in 1940-1941. 3 sem. hrs.

Ph. 316 Laboratory Course in Heat This course is intended as a laboratory course to accompany Ph. 315. Two laboratory periods each week. To be offered in 1940-1941. 2 sem. hrs.

Ph. 319 Sound The dynamics of vibrating bodies; transmission of sound; architectural acoustics, loud speakers, and microphones; supersonics; characteristics of speech and hearing. Prerequisite: Same as for Ph. 301-302. Three lectures each week. Offered in 1939-1940. 3 sem. hrs.

Ph. 320 Laboratory Work in Sound The course is designed to illustrate by experiment the principles of Ph. 319. Two laboratory periods each week. Offered in 1939-1940. 2 sem. hrs.

Ph. 331-332 Modern Physics This course is designed to acquaint the student with the modern views on atomic physics, radiant energy, atomic spectra and spectral series, as well as the more significant of modern advances in the non-atomic field. Prerequisite Mt. 310. Three lectures each week. To be offered in 1939-1940. 6 sem. hrs.

Ph. 335-336 Electronics and Radio Physics The electron and its properties; thermionic and photo-electric emission; radio transmission and receiving circuits and apparatus. Prerequisite: Ph. 301-302, Mt. 310. Three lectures each week. To be offered in 1940-1941. 6 sem. hrs.

Ph. 337-338 Practical Electronics and Radio Physics A laboratory course designed to accompany and illustrate Ph. 335-336. Two laboratory periods each week. To be offered in 1940-1941. 4 sem. hrs.

B. Drawing

Dr. 101-102 Elementary Mechanical Drawing Lettering; applied geometry; orthographic projections; auxiliary views; revolutions; isometric and oblique projections; developments. Offered every year. 6 sem. hrs.

Dr. 201 Descriptive Geometry Orthographic drawing; auxiliary views; point-line-plane problems; revolution; concurrent non-coplanar forces; curved lines and surfaces; practice and drafting-room problems. Offered every year. 3 sem. hrs.

Dr. 202 Machine Drawing Piping, detailing, and general working drawings. Offered every year. 3 sem. hrs.

C. Mathematics

Mt. 101 College Algebra Fundamental algebraic operations: addition, subtraction, multiplication, division, factoring, equations; theory of equations. This course fulfills the algebra requirement for all students except those who elect their major in mathematics or chemistry or physics, and those who elect a minor in mathematics. Offered every year. 3 sem. hrs.

Mt. 103 College Algebra Logarithms; slide rule; theory of equations; inequalities; combinations and permutations; mathematical induction; binomial theorem; determinants; progressions; infinite series; partial fractions. Offered every year. 3 sem. hrs.

Mt. 105 Plane Trigonometry Trigonometric functions of acute angles; use of the table of natural functions; the right triangle; trigonometric functions of any angle; functions of the sum or the difference of two angles; the oblique triangle; graphs of functions; trigonometric identities and equations; applications of trigonometry to algebra. Offered every year. 3 sem. hrs.

Mt. 203 Plane Analytic Geometry Different systems of coordinates; point; straight line; conics; transformation of coordinates; higher plane curves. Prerequisite: Mt. 103. Offered every year. 3 sem. hrs.

Mt. 206 Elementary Surveying General methods used in measurement of distances, angles, difference of elevation and area; practical use of the chain, tape, level, compass, and transit; solution of simple problems in surveying. Prerequisite: Mt. 103. Offered every year. 3 sem. hrs.

Mt. 210 Spherical Trigonometry The right spherical triangle; the oblique spherical triangle. Applications. Prerequisite: Mt. 105. To be offered in 1940-1941. 3 sem. hrs.

Mt. 301 Differential Calculus Functions; limits; derivatives; successive derivatives; maxima and minima; roots; differentials; curvature; theorem of mean value; indeterminate forms. Prerequisite: Mt. 203. Offered every year.

3 sem. hrs.

Mt. 302 Integral Calculus Integration by all methods; evaluation of the constant of integration; the definite integral; the fundamental theorem of integral calculus; series; multiple integrals. Prerequisite: Mt. 203. Offered every year.

3 sem. hrs.

Mt. 310 Differential Equations Equations of the first order and first degree; equations of the first order but of higher degree; linear equations of a higher order with constant coefficients; total differential equations; simultaneous equations; homogeneous linear equations; equations of higher order and higher degree; integration in series. Prerequisite: Mt. 302. Offered every year.

3 sem. hrs.

Mt. 312 Theory of Equations Descartes' rules; Sturm's theorem; Lagrange's and Newton's methods of solution of equations; solution of equations by radicals; Cardan's formula; Vandermonde's principle; graphical solution of equations; introduction to the theory of groups. Prerequisite: Mt. 103, 105, 301. To be offered in 1940-1941.

3 sem. hrs.

Mt. 316 Vector Analysis Addition, multiplication, differentiation, and integration of vector quantities. Prerequisite: Mt. 302. To be offered in 1940-1941.

3 sem. hrs.

Mt. 318 Solid Analytic Geometry Determinants; matrices; systems of coordinates; the point; the line; the plane; rotation of axes; tangent and normal planes and lines; quadric surfaces; invariants. Prerequisite: Mt. 203. Offered in 1939-1940.

3 sem. hrs.

Mt. 320-321 Elementary Mathematical Statistics Histograms; the statistical constants; the normal law; trends; method of least squares; correlation, regression and index numbers. Prerequisite: Mt. 301, 302. To be offered in 1941-1942. 6 sem. hrs.

Mt. 398-399 Advanced Calculus A course in advanced calculus, based on Osgood's Advanced Calculus. To be offered in 1941-1942.

6 sem. hrs.

DEPARTMENT OF RELIGION

Reverend E. T. Cassidy, S.J., Chairman

Rl. 101-102 A Survey of Catholic Doctrine and Practice This course is offered every year for students who have not had religion in high school. 4 sem. hrs.

Rl. 105-106 Apologetics Revelation; the historicity of the Gospels; the divinity of Christ; the Church of Christ; the primacy of Peter; infallibility; the marks of the Church. Offered every year. 4 sem. hrs.

Rl. 201-202 Channels of Redemption A detailed study of the Sacraments; actual and sanctifying grace. Offered every year. 4 sem. hrs.

Rl. 301-302 Exegesis An exegetical study of the four Gospels and selected Epistles of St. Paul. Offered in 1939-1940. 4 sem. hrs.

Rl. 305-306 Christian Marriage Notions on morality; the Church's part in determining morality; the power of the state and Church over marriage; prenuptial requirements; premarital chastity; general preparation for marriage; rights and duties of the married couple; birth control; divorce. Offered every year. 4 sem. hrs.

Rl. 310-311 Youth Guidance Its necessity; false guides; the priest, the religious teacher, the layman; principles of guidance; the qualities of the director; youth problems. Summer, 1940. 4 sem. hrs.

Rl. 313-314 Liturgy An interpretive study of the Liturgy of the Church. Offered in 1939-1940. 4 sem. hrs.

DEPARTMENT OF SOCIOLOGY

Dr. A. T. Donohue, Chairman

Sl. 101 Introductory Sociology Social principles; sociology and related sciences; postulates of sociology; man's dignity and final destiny; man essentially a social being; the bedrock foundation of social life. Offered every year. 3 sem. hrs.

Sl. 102 Introductory Sociology Social factors and social institutions; environment, habits, group behavior; the modern family, the state; social action; proper attitude toward social

work; obligation of social service; practical aspects of social work; social influence of the teachings of Christ. Offered every year. 3 sem. hrs.

Sl. 205 Social Problems and Agencies Social pathology; crime and juvenile delinquency; poverty and pauperism; heredity and eugenics; feeble-mindedness and insanity; unemployment; Worker's Education Bureau in the United States; Knights of Columbus. Offered every year. 3 sem. hrs.

Sl. 206 Social Aspects of Poverty Poverty and its background; inequality, competition, individualism, and weakened cultural forces; formal and informal charity as a basic factor of relief; principles of relief. Offered every year. 3 sem. hrs.

Sl. 301 Urban Sociology A study of the development of the modern city. Man's major adjustments to urban life, such as the new realignment of rights and duties and personal freedom in the city environment, the communal responsibility for housing, health, education, and recreation. Offered in 1939-1940. 3 sem. hrs.

Sl. 303 The Family Factors of family integration; the causes of family disintegration; the industrial revolution and its effects on family life; divorce; birth control; factors of family reintegration. Summer, 1940. 3 sem. hrs.

Sl. 305 Christian Social Service A course intended for those preparing for professional social work. Catholic ethics and Catholic interpretation of social life; the Church's teaching; principles and methods in social activities; social value of the Old Testament; social influence of Christ's teaching. Summer, 1939. 3 sem. hrs.

Sl. 306 Christian Social Reform This is a study of the Christian attitude toward the modern social questions. The papal encyclicals of Leo XIII and Pius XI are stressed. Summer, 1940. 3 sem. hrs.

Sl. 307 Social Aspects of Industry A comprehensive study of social problems arising from industrial conditions. The causes of unemployment; industrial disorganization; growth of unionism; social unrest; poverty and relief; solution of the problem; "New Deal" policies. Offered in 1938-1939. 3 sem. hrs.

Sl. 308 Social Legislation The development of social statutes for the protection of the worker; minimum wage laws; shorter working days; compulsory education; sweatshop; mediation; compulsory investigation and arbitration; recent social laws. Offered in 1938-1939. 3 sem. hrs.

Sl. 316 Labor Problems Labor as a factor in production; unemployment; child labor and labor organizations; recent labor developments. Summer, 1939. 3 sem. hrs.

Sl. 318 Rural Sociology The development of the agricultural industry in the United States; modern problems of agriculture; causes of agrarian discontent; agricultural reform; the "New Deal" legislation. Offered in 1939-1940. 3 sem. hrs.

Sl. 319 Crime and Juvenile Delinquency A scientific approach to the problems of crime, the criminal, punishment, and reform. The causes of juvenile delinquency; treatment; methods of diagnosis; probation and parole; the juvenile court system. Offered in 1939-1940. 3 sem. hrs.

Sl. 322 Social Theory The development of social theory; contributions of Plato, Aristotle, and other Greek and Roman writers; the influence of Christianity; modern political and social contributors and their influence on modern social thought. To be offered in 1940-1941. 3 sem. hrs.

FORM OF GENERAL BEQUEST

I hereby give and bequeath to Loyola University, New Orleans, Louisiana, for the use of said institution in fulfillment of its general corporate purpose.....

(State here the sum of money desired to be given, or, if it be the residue of an estate, state this fact.)

FORM OF BEQUEST FOR A PARTICULAR PURPOSE

I hereby give and bequeath to Loyola University, New Orleans, Louisiana, for the following purpose.....

(State clearly the special object of the bequest, as well as the sum of money or property, real or personal, constituting the same.)

DEGREES CONFERRED

Session 1938-1939

COLLEGE OF ARTS AND SCIENCES

Honorary Degree

DOCTOR OF HUMANE LETTERS

Edward A. Fitzpatrick, Ph.D., LL.D., Litt.D.

Degrees in Course

MASTER OF ARTS

Sr. Mary Cornelia Creedon, M. H. S., A.B.	Mo. Mary Aloysia Tallon, O. S. U., B.S.
Rev. Robert Villeneuve Laplace, O. S. B., A.B.	Sr. Mary Bernardine Torley, C. S. J., A.B.

BACHELOR OF ARTS

Sr. M. of St. Joan of Arc Arceneaux, M. de S. C.	Sr. M. Michelle Fitzwilliam, O. S. U.
Marie Louise Baudier, <i>Cum Laude</i>	Lucille Marie Gelpi, <i>Cum Laude</i>
Allen George Becker, Jr.	Raymond Albert Guillot
Peter Christian Bertucci	Sr. Mary Loyola Haggerty, M. de S. C.
Joseph Vincent Bologna	Conchita Mena Hallaron
Sr. Anna Mary Borger, S. S. J.	Sr. Constance Hallman, S. C. C.
Sidney Francis Braud	Mo. M. Francis Hassinger, O. S. U.
Mo. Trinidad Canales, S. T. J.	Warren Charles Hein
Robert Taylor Casey	Sr. M. Meehtilde Home, M. H. S.
Edward Joseph Chapman	Sr. Hilda Marie Imbus, S. S. J.
Philip Reilly Collins	Sr. Catherine Maher, D. C. St. V. de P.
Br. Remigius David, S. C.	Solange Fernande Mille
Sr. M. Gervais Deramée, O. S. U.	Rudolph Theodore O'Dwyer, Jr.
Albert Francis Doussan, Jr.	Vincent Anthony Palisi
Mo. Mary Immaculata Drees, O. S. U.	Sr. M. Clarine Rutter, S. S. N. D.
Sr. Dorothy Feltz, D. C. St. V. de P.	Evelyn Anna Swander
	George Earl Waguespack

BACHELOR OF SCIENCE IN MEDICAL TECHNOLOGY

Lydia Bougère, B.S.	Catherine Gertrude Goetz
Eleanora Elizabeth Frick, B.S.	Jane Margaret Lauve
Philomene Beatrice Schilleci	

BACHELOR OF PHILOSOPHY

Lloyd John Clancy
 Verdun Roger Daste
 Sr. M. Clement Finan, R. S. M.
 Sr. Marie Fogarty, D. C. St. V.
 de P.
 Josephine Aurelia Geier
 Sr. M. Kevin Kennedy
 Sr. Vincent Killian, D. C. St. V.
 de P.
 William Louis Klause, Jr.
 Helen Josephine McLaughlin
 Isabelle Bernardine Murphy
 Marguerite Lilly Netto

Margaret Cecelia Nugent
 Br. Augustine Raftery, S. C.
 Andreas Frederick Reising
 Jackson George Ricau
 Sr. M. Nicoletta Roth, S. S. N. D.
 Ervin Joseph Roussel
 Muriel Salvant
 O. Jack Smythe
 Vivien Rose Stansbury
 Germonia Marjorie Stockmann
 Joseph George Tregle, Jr.,
 Magna Cum Laude
 Sr. Mary Clare Voorhies, R. S. M.

BACHELOR OF SCIENCE

Clay Augustus Boudreaux
 Slavin Paul Broussard, Jr.
 Louis Eugene Browning
 David Anthony Brunner
 John Raymond Bull
 Rufus Michael Carimi
 Frank Montbrun Carriere, Jr.,
 Cum Laude
 Byron Joseph Casey, Jr.
 Louis Pascal Codifer, Jr.
 Peter Joseph Compagno
 Sr. Miriam Coovert, S. S. N. D.,
 A.B.
 Charles Taylor Crandell
 Joseph Marion Drewes
 Alphonse Christopher Elmer,
 Cum Laude
 Morel Miller Elmer, Jr.
 Sr. M. Paul Fenerty, R. S. M.
 Sr. Dorothy Flynn, O. S. B.
 Michael Joseph Fusaro
 Sr. M. Immaculata Garcia, O. Carm.
 Leo Jean Girior
 Raymond John Goodspeed
 Frederick Cleary Grieshaber, Jr.
 Dennis Hossley Groome, Jr.
 Eugene Victor Haydel, Jr.
